## NEW LEVY ON OCCUPATIONS UP TO SCHOOLS

Adams County school districts will not have a new basis for an occupation tax this coming year unless they adopt one themselves, the county board of school directors was told at its meeting Monday evening at the Carlisle St. office of the county superintendent of schools.

Assistant County Superintendent of Schools M. Francis Coulson told the county board: "At the moment, it is definite that no schedule can be adopted by the county commissioners that can be used for next year by the school boards whose budgets will be for adoption in April or May."

Even when the school boards went to the commissioners last June to ask the county to set a new and fairer occupation assessment, "it was too late for adoption for this year," Coulson said. "Under the time table for such changes, each assessor would have had to reassess each adult residing in his area in accordance with a new occupation assessment. Those 23,000 or more assessments would have had to be turned over to the commissioners in time for them to send notices to all of the people of their new assessments — and the notices would have had to reach them in time for them to make an appeal, if they wanted to, prior to September 1. There simply was not time enough between June and September 1 to set up a new assessment for occupation, assesses the public and notify everyone by at least a week before September 1."

"We hope that the commissioners will continue their study and produce a new occupation assessment for the 1962-63 year."

"There is still a possibility that individual school boards may adopt a new occupation assessment as is their right if they wish. But if they do, they also must have everyone in their area assessed and must set up some type of appeal board before which those opposed to the assessment given them can appear and present proof that they have been wrongly assessed."

General discussion by the county board indicated its members did not particular favor individual boards adopting individual occupation assessments, holding that the assessment should be county-wide "and the only way you can get that is by the commissioners' adopting a new occupation assessment program."

The Pennsylvania Vegetable Growers' and Cannery Educational Conference in cooperation with the Department of Horticulture and the Agriculture Extension Service of Pennsylvania State University will be held January 30-31 and February 1 in the assembly room of the Nittany Lion Inn on the campus of Penn State University, State College, Adams County Agent Frank S. Zettle announced today.

The program will include discussion on types of herbicides used for weed control in vegetables, pesticides and their breakdown in the soils, tomato yield and the vegetable variety trial report, organic matter in the soil, status of magnesium, nutritional value of fruits and vegetables, vegetable disease control and new insect control.

Awards will be presented for the master tomato grower and vegetable grower.

A report on a survey of tomato production practices and a panel discussion on varieties, direct seeding and machine harvesting of tomatoes will conclude the conference.

## \$570 Awards On Sales Days

Thirty-eight Gettysburg merchants will announce their semiannual merchandise bargains in display advertisements in Wednesday's edition of The Gettysburg Times.

A spokesman for the Retail Merchants Association said, "You can look for better merchandise bargains this year than we have ever offered before and we feel sure our customers will be pleased with our offerings."

Each participating merchant will offer \$15 in gift certificates to the holders of lucky numbers, a total of \$570 worth of merchandise to be given away to those who take advantage of the sales days, Friday and Saturday. Stores will be open each of those two nights until 9 o'clock and the drawings in each store will be made before closing.

Winners need not be present when the drawings are made because it is possible for a customer to win a certificate in each store in which he makes purchases Friday or Saturday.

## CHARTER NIGHT IS OBSERVED BY LIONS CLUB

Four charter members reminisced about early days of the club as Gettysburg Lions Monday evening observed Charter Night at their weekly dinner meeting at the VFW home.

With Dr. R. D. Wickerham, a past president who joined the club 34 years ago, serving as master of ceremonies, Charter Members Roy W. Wentz, C. Ross Shuman, Arthur E. Hutchison and J. Milton Bender spoke about activities of the club since its founding in 1924.

The first president was the late Attorney J. Donald Swope, whose son, Attorney Donald M. Swope, is a member of the club now and is a former president. The speakers were past presidents of the local Lions, Wentz served in 1932-33; Shuman, 33-34; Hutchison, 37-38; and Bender in 1951-52. The fifth charter member, Fred Faber, who was president in 1951-52, was unable to be present. The club members gave the charter members a standing ovation at the close of the program.

The club voted \$150 for the Beacon Lodge for the Blind, a state Lions' project near Huntingdon, Pa. They also voted \$10 for psychiatric care for a county child.

Plans were announced for a club trip to the Ice Capades at Hershey on Tuesday, February 14. Members planning to make the trip are to notify Kenneth Dengler.

President Richard A. Folkenroth presided at the meeting with 49 Lions in attendance which is 65 per cent of the total membership.

### RESCHEDULE PLAY

The annual Senior class play of the York Springs unit of the Bermudian Springs High School will be presented Thursday and Saturday evenings at 8 o'clock in the elementary school building at York Springs. It had been scheduled for last week but had to be postponed because of the snow. The play is titled "The Ghost of Chance."

### MARRIED BY JUSTICE

Arthur W. Frazer, Alexandria, Va., and Miss Anita A. de la Fuente, Manila, Philippines, were married by Justice of the Peace Robert P. Snyder Monday afternoon in Snyder's office.

A report on a survey of tomato production practices and a panel discussion on varieties, direct seeding and machine harvesting of tomatoes will conclude the conference.

## Ex-Director At Nawakwa Dies In Fire On Saratoga

Commander Marshal Eugene Brennenman of the Chaplain Corps, a graduate of Gettysburg Lutheran Theological Seminary and a former director of Camp Nawakwa, was one of seven men who lost their lives Monday during a fire aboard the U. S. aircraft carrier, Saratoga.

Chaplain Brennenman and two other Pennsylvanians were among those asphyxiated after a fire broke out as the ship steamed across the Ionian Sea toward the Port of Athens, Greece.

The other Pennsylvanians on

the list of dead from the fire were Marine Corps Lieutenant George Galbraith Jr., Huntingdon Valley and Lt. (j.g.) Anthony Michael Atkinson, son of Mr. and Mrs. Neil Atkinson, York.

**20-YEAR VETERAN**  
Commander Brennenman's wife and two children reside at Camp Hill.

The Navy chaplain, who was a 20-year veteran in that branch of the service, was a graduate of Albright College and was graduated from the Gettysburg Seminary in 1939 when he succeeded the Rev. Dr. M. Hadwin Fischer as director of the Lutheran leadership training camp in upper Adams County.

After serving as camp director, he went into naval service in 1942 and had risen to the rank of commander in the Chaplain Corps. Two years ago, he served as a member of the camp staff during one summer session at Nawakwa. He was born and reared in Carlisle.

### ASSIGNED IN AUGUST

He was assigned to the Saratoga last August. His wife, the former Florence Reitz, of Allentown, and their two sons, Thomas, 9, and Robert, 6, took up residence at Camp Hill when Chaplain Brennenman began his Saratoga duty.

Lt. Galbraith was a medical doctor and his parents have been notified that he lost his life while trying to save another man. He was a graduate of Lafayette and the Penn Medical School. Atkinson, a Cornell graduate, entered the Navy under the ROTC program.

## Heavy Drifting Reported Today

Mounting winds from the west that started blowing about 11 o'clock this morning were rapidly drifting roads and brought a shift in the strategy of state highway department road crews from widening to plowing main roads.

There was an announcement that Gettysburg, Franklin Twp. and Upper Adams school children again will be sent home early today so that buses may cover their entire routes. Roads that cannot be kept open by plows are rapidly closing, according to Superintendent Clyde Garber of the state Highway department.

State snow plows had been engaged in pushing back roadside snow banks to widen the highways but at noon the efforts shifted to plowing highways and scattering antiskid materials.

## DR. GIFFORD SPEAKER FOR ROTARY CLUB

Growth of Rotary into an international organization and change in its idealistic basis are disclosed by the 50 years of publication of the Rotary magazine, Dr. Roy W. Gifford told the Rotary Club at its meeting Monday evening at the YWCA.

This month marks the 50th anniversary of the magazine which goes to approximately 400,000 persons in 130 countries. Dr. Gifford said, "When it came into existence it was the only means of communication between the Rotary Clubs organized up to that time."

"Today we know Rotary as an international organization with high ideals and standards for its members. A half century ago it was confined to the United States. Its clubs were formed not to promote the ideal of service above self but to promote the business interests of its members. With the growth of Rotary, its ideals changed and it became an international organization dedicated to service to others. Those changes are mirrored in The Rotarian through the years. The international aspect of Rotary is indicated in a question that is being studied today by the international board—a complaint that while Rotary prints articles about all countries of the world—too many of them are written by Americans."

**INTERESTS WIDER**  
"For a number of years The Rotarian has been published both in English and Spanish. And now there is a discussion concerning its being printed in a number of other languages as well, to serve the Rotarians in those countries. Our Rotarian magazine is a constantly growing thing, changing to meet the changing needs of our international organization."

"Once designed only to inform of the activities of the various Rotary clubs, now The Rotarian tells us of the world's problems."

A recorded talk by the editor of the publication was then presented.

President William Lentz presided with 45 present. The vice president, Dr. Richard Newsham, introduced Dr. Gifford, Treasurer Calvin Shank reported receipt of the last \$150 in proceeds from the horse show last summer.

## CHURCHMEN TO DISCUSS TWO TOPICS

Pornographic magazines on newsstands in the county and the work the Council of Churches has been doing among the migrant laborers in Adams County will be the themes for talks to be given Thursday evening at the annual meeting of the Adams County Council of Churches.

The meeting will be held at 7:30 o'clock in the Gettysburg Church of the Brethren along the Biglerville Rd. with the president of the county council, the Rev. Lester J. Karschner, Abbotstown Lutheran pastor, presiding.

"Unfit magazines on the newsstands of our county" will be discussed by Attorney S. M. Raffensperger, Gettysburg, as a representative of a community committee that has been studying the obscene magazine problem for some time.

### TO HEAR CHAPLAIN

The work among migrant laborers in this county will be reported upon by the Rev. Maynard Barnhart Jr., Arendtsville, who will introduce the Rev. Joseph Hagler, Carlisle, who served as chaplain for the migrant work during the latter part of the last season and will carry on the work this summer.

The annual election of council officers will take place during the business meeting and annual reports will be presented.

The council is made up of representatives of the nearly 40 churches in the county who are members of the council. Each church has at least five representatives in the assembly of the county organization. David Houck, Biglerville, is chairman of the nominating committee.

### Two Arendtsville

### Garages Robbed

Burglars entered two garages at Arendtsville early Monday morning, state police reported today.

At Sell's Garage the intruders broke a glass out of a door to enter the structure and then opened a vending machine, securing about \$2 worth of nickels. The burglars apparently attempted to open other vending machines but were unable to secure the money boxes in them.

At the McClellan service station the burglars broke a rear window to enter. They broke a vending machine and secured an estimated \$15 in coins. A cash drawer was opened and \$15.85 removed.

## Skidding Auto Hits New Cars On Lot

Two new Corvairs were damaged on the sales lot at Warren Chevrolet garage on the Lincoln Highway east of here when a car skidded off the highway into the lot Monday morning, state police reported today.

The officers said Harold Waller Jr., 35, Athens, Pa., was driving west on the Lincoln Highway when he lost control of his vehicle. It crossed the highway and slid into two of the new cars on the lot. Damage was estimated at \$300 to Waller's vehicle, \$600 to one of the Corvairs and \$300 to the other.

Hotel Gettysburg has opening for man as relief clerk two afternoons and one night per week. Apply in person.

## NEW TRIAL FOR ELMO SMITH IS ARGUED HERE

Did an Adams County jury exceed its discretion when it sentenced Elmo Smith to die for the murder of Maryann Mitchell?

That was the question argued by attorneys before Judge W. C. Sheely and Associate Judges Earl Guise and Clarence D. Deardorff Monday afternoon on a motion by defense attorneys for a new trial in the case heard here last September on a change of venue from Montgomery County.

At the conclusion of 2½ hours of argument by three attorneys the local court indicated it will make its decision on whether a new trial should be granted before the start of the February term of court here.

### JURY "FEARED" PAROLE

Attorneys Gilbert P. High and Joseph P. Phelps Jr., court-appointed defense attorneys for Elmo Smith, argued the nine Adams County men and three women who served as a jury illegally found for the death penalty in the case. They admitted they could find no error on the part of the court in admission of testimony or exhibits and made no arguments against the finding of the jury that Smith had committed murder in the first degree.

Their principal argument, as far as the trial itself was concerned, seemed to hinge on the question raised by one of the jurors a few minutes before the jury returned with the death verdict. The juror had asked the court whether it was possible to hand up a sentence of "life with no chance of parole." The court at that time told the jury that such a verdict was impossible because the jury could not legally consider anything but the two alternatives provided by the law—death or life imprisonment.

Attorney High claimed the question indicated what was in the mind of the jury—that it would have preferred to give a life imprisonment sentence but feared Smith would again be released from prison and thus chose the death penalty instead.

### "NOT FULLY SANE"

Attorney High asked the court: "Are we taking Elmo Smith's life because of what he is and what (Continued On Page 3)"

## Scout Sessions At GHS Tonight

Round tables for adult leaders and parents of Scouts of the Black Walnut District will be held this evening at 8 o'clock at Gettysburg High School with the Cub Scouts in Room 231, the Boy Scouts in Room 232 and the Explorer Cabin meeting in Room 233.

Discussion at the Cub round table will be on "Genius Night," the special program for February; the Boy Scout program will be on "Safe Shooting." The Explorer program will consist of a meeting of two boy representatives and the advisor, or assistant advisor, from each unit to set up the District Explorer Council for the coming year.

Quarterly booklets listing suggested programs for the coming three months will be distributed. Special posters for Boy Scout Week will be distributed and booklets on railroading will be presented to each Cub Pack.

## 32 Below In U. S.; 32 Above, Alaska

By THE ASSOCIATED PRESS

The eastern half of the nation bore the brunt of a bitter cold wave today as even colder Arctic air moved on the area whipped by icy northwesterly winds.

The Weather Bureau said the new cold wave would bluster its way from the Great Plains to the Atlantic during tonight. Part of new onslaught of the huge mound of cold Arctic air already was being felt from Minnesota to the Ohio Valley.

This morning dawned in 32-degree below zero weather at International Falls, Minn., and 32 degrees above zero at Anchorage, Alaska. It was 31 below at Devils Lake, N.D., about the same time it was 31 above at Juneau, Alaska.

Maine experienced its sixth consecutive day of biting cold with the thermometer dipping to 33 below at Old Town and no letup in sight. All New England shivered. Concord, N. H., recorded 27 below and Rumford, Maine, 26 below.

## COUNTY DRIVE BY RED CROSS BEING PLANNED

Luther W. Ritter, Littlestown, and members of his steering committee for the 1961 Red Cross fund raising campaign outside the Gettysburg Community Chest area, advanced plans for their campaign for \$2,500 beginning March 1 at a meeting Monday evening at the Red Cross headquarters here.

Every effort will be made to complete the drive in one week, Chairman Ritter said as quotas were assigned to various areas and plans announced for a pre-campaign meeting Monday evening, February 27, for all chairmen, area captains and workers.

There will be a speaker, refreshments will be served and final distribution will be made of materials of the campaign which opens later that week.

### BOARD TO MEET

Fund appeal letter under the special gifts division of the drive will go out soon over the signature of Special Gifts Chairman Robert B. Hollingsworth.

Others on the steering committee include Col. Edwin H. Johnson, Mrs. John S. D. Eisenhower, Ted M. Tussing, Col. Thomas H. Allen, Donald M. Swope, Owen Reynolds, Orville B. Orner, C. P. Keefer and Basil B. Benson.

These area quotas were assigned Monday evening and it was explained that boroughs falling within the areas of these townships are included in the figures: Conewago Twp., \$1,365; Germany, Mt. Pleasant and Union Twp., \$1,320; Franklin and Highland Twp., \$500; Reading, Hamilton, Straban and Berwick, \$1,140; New Oxford and Oxford Twp., \$800; Liberty and Hamilton Twp., \$500; Tyrone, Menallen and Butler Twp., \$1,605; Huntingdon and Latimore Twp., \$800; and Mt. Joy and Cumberland Twp., \$290.

The January meeting of the Red Cross board of directors will be held Wednesday evening at 7:30 o'clock at the Public Assistance office on Chambersburg St.

## URGE CHECK ON FEES PAID TO COLLECTORS OF SCHOOL TAXES

Between now and March 10 school boards throughout Adams County will take a good hard look at the percentages they pay their tax collectors.

The Adams County School board at its meeting Monday evening at the Carlisle St. office of the county superintendent of schools voted to send a letter to all school districts reminding them that new tax collectors will be named in each district this fall and reminding them that if they do not set new fees for the tax collectors by March 10 the percentage paid at present will have to continue for the next four years.

That was as far as the county board, as such, could go, but discussion by members of the board indicated the local boards with which they are connected are considering some changes in the remuneration for the tax collectors.

### CHECKUPS NEEDED

Whether or not boards may be satisfied with present fees, some boards — those which entered into mergers — will of necessity have to check so that all tax collectors within the merged districts will receive the same commission, the county board noted. When Upper Adams merged, according to reports by Dean Asquith of the county and Upper Adams boards, it was found that some tax collectors in the merged district received five per cent on all taxes collected, while others received three per cent when taxes were at the discount and par periods and five per cent when they became delinquent. No change could be made immediately because such changes can be made only each four years, when new tax collectors are named. Asquith indicated however that a standard fee will be adopted by Upper Adams this spring so that all the collectors will receive the same fee.

County Board Member William M. Lott said the amount of taxes collected has "almost doubled in some areas and more than doubled in others during the last four years."

### TAKE LOOK AHEAD

"We can also believe that during the next four years the amount of taxes collected will also increase. Just because the tax collectors (Continued On Page 3)"

## UNITED TO DROP TOLL

HARRISBURG (AP)—The United Telephone Co., Harrisburg, today proposed to drop a 10-cent toll in the Littlestown exchange in Adams County when it converts to dial operation on March 19. The company told the public utility commission it will drop the dime toll when regular local service is established between the Littlestown Exchange and the Silver Run exchange of the Chesapeake and Potomac Telephone Co. in Maryland.

The move will save an estimated \$500 annually in tolls in the Littlestown exchange where 1,487 subscribers are served, the utility said.

A study of the proposal was started by the PUC.

Sickles Painting In Life Magazine

A large, two-page painting of Pickett's Charge, appearing in the current issue of Life magazine has interest locally in addition to the fact that it depicts one of the most famed scenes in connection with the Gettysburg Battlefield.

The painting, one of a number of Civil War paintings included in the current edition of the national magazine, was made by Noel Sickles, brother of Eugene Sickles, 424 W. High St., and some of the information on which the painting is based was provided by Eugene Sickles. Noel Sickles is also remembered locally because he was the artist who for many years drew the comic strip "Scorchy Smith" which has appeared in the Gettysburg Times for more than a quarter century. Noel Sickles resigned from drawing the comic to devote full time to painting and his paintings have appeared numerous times in national advertisements and magazines.

DUCHESS SAYS HER HUSBAND IS PERSECUTED

LONDON (AP)—British royalty and government officials today preserved expected silence toward the Duchess of Windsor's charge that she and her husband have been persecuted by his family since he abdicated in 1936.

Only a few of the duke's former subjects chimed in—some bitterly denouncing the duchess and the man who quit the throne to marry her, others supporting them.

There was no comment from the palace or the government—nor is there likely to be. Only three national newspapers reported the duchess' complaints, made in a copyrighted article in McCall's magazine. Only two papers carried comment.

The duchess, the former American divorcee Wallis Simpson, said the treatment given her husband, ex-king Edward VIII, has been "enough to break anybody's spirit." She accused the royal family—Queen Elizabeth II is the duke's niece—of trying to "erase every vestige of fondness his countrymen held for him."

She charged the British government wasted the duke's "unparalleled knowledge" by shunting him off during World War II to an insignificant military post and then to the governorship of the Bahamas.

Acid-tongued Charles Curran, conservative member of Parliament, newspaper columnist and television personality, charged the duke himself wasted his talents.

"His life is blameless, harmless, pointless, useless," Curran wrote in his weekly column. "Instead of waiting for Britain to employ him, why does he not employ himself? Why hover uneasily around the throne that he gave up?"

Talk On Mexico For Kiwanis Club

James Kegel, a member of the Mechanicsburg Kiwanis Club, presented an illustrated talk on Mexico at the weekly dinner meeting of the Gettysburg Kiwanis Club Monday evening at the Lamp Post Tea Room.

He spoke of the importance of improving relations between our country and "our neighbors south of the Rio Grande." To do this, he said, "we need to clear up the misconceptions of Mexico that so many of our people have."

"The Mexican qualities that are generally underestimated," he said, "are his cleanliness, love of beauty, artisan's skill, love of antiquity along with a desire for modernity and, above all, his friendliness."

President Kenneth Foust presided.

Blue-Gray Band Adds 3 Members

Three new members of the Blue and Gray Band were enrolled at the rehearsal session Monday evening at the VFW home.

They are Mrs. David Woods, trombone; Paul Miller, clarinet, and Mike Treas, clarinet.

Tuesday evening's practice session was the second for the reorganized band. Twenty bandmen reported for the initial session a week ago.

Eugene Eckert is the band president.

Truck, Car Crash On Slippery Road

In an accident reported by the Frederick Barracks of the Maryland State Police over the weekend, a 1963 Chevrolet sedan slid into the left rear wheel of a tractor-trailer truck on U.S. 15 at Hanover, Md., Saturday night at 11 p.m.

Neither the auto driver, 21-year-old U.S. Air Force service man Emory Wachter, Frederick R. 5, nor the operator of the 1956 tractor-trailer, John Newberry, 42, of Biglerville, was injured in the accident which caused \$150 worth of damage to the car and none to the tractor-trailer.

No charges were filed.

Funeral services for Mrs. Clara C. Deardorff, 77, widow of Ira A. Deardorff, who died Wednesday at her home on Biglerville R. 2, were held Saturday afternoon at the Bender Funeral Home with the Rev. Henry S. Early, her pastor at Flohr's Lutheran Church, officiating. Interment was made in Flohr's Cemetery. The pallbearers were Carl, James, Dale and Roy Plank and George and Edgar Bowling.

## IKE DRIVES CAR 1ST TIME IN 20 YEARS

By NEIL GILBRIDE  
ALBANY, Ga. (AP) — Amid a lot of good-natured ribbing from his hunting companions, former President Dwight D. Eisenhower drove a car today for the first time in more than 20 years.

Eisenhower, gradually easing into the unaccustomed role of a private citizen, was the chauffeur for the four-man party in driving the quarter mile from his host's Blue Springs plantation house to the stables.

"Look out, boys, duck," George E. Allen jokingly warned newsmen as the former President piloted a station wagon out of the driveway. Allen is a Gettysburg, Pa., neighbor of Eisenhower who made the trip here with him Monday in the private plane of their host, W. Alton Jones.

### FIRST SINCE 40

Eisenhower said it was the first time he had driven since 1940.

"But I'm very good with a golf cart," he joked, referring to the motorized cart he usually uses on the links.

The sun broke through a rift in the clouds for the first time as the hunting party, including Coca-Cola executive William E. Robinson, mounted mule-drawn hunting wagons. Eisenhower used a 20-gauge shotgun.

The former President expressed surprise at the interest in his activities exhibited by the 10 newsmen on hand at the isolated 15,000-acre plantation.

### GETS TO QUAIL

"My goodness," he said, but posed willingly for photographers.

Eisenhower, looking tanned and fit, seemed to be enjoying himself immensely.

Eisenhower fumbled with the switch a moment when first getting behind the wheel, but soon had the vehicle rolling smoothly toward the stables.

Eisenhower bagged his daily limit of 10 quail Monday within a short time after arriving here.

## TRAINS RESUME NORMAL SERVICE

NEW YORK (AP) — Commuter and long-haul trains have begun rolling again on two railroads following settlement of a two-week-old New York harbor strike that had snarled rail traffic as far west as St. Louis.

The walkout of railroad tugboat and ferryboat crews also had stranded 100,000 metropolitan commuters, threatened New York City's food and fuel supplies and shut down freight movements.

The New York Central and the New Haven railroads, virtually closed by the spreading strike, began shaping up trains during the night.

Both roads promised normal commuter service would return today.

Hudson River ferry service, which carries 30,000 passengers daily, resumed Monday afternoon. And freight embargoes on lines running as far west as St. Louis also were lifted.

Egypt exported 150,000,000 tons of grain annually to Rome in the days of the Roman empire.

## Emmitsburg Folk Greet Eisenhowers

Several hundred Emmitsburg residents stood in the snow and cold on Friday afternoon to see President and Mrs. Eisenhower pass through on their way to Gettysburg from Washington and were rewarded with grateful smiles and special words of appreciation from the former president.

Word got around the community that the former President and Mrs. Eisenhower were leaving Washington about 3:30 o'clock and planned a brief stop at St. Joseph College.

The main street of the town was lined on both sides with residents of the Emmitsburg area, many of them school children. Some had been standing for an hour or more when the Eisenhowers passed by about 4:30 o'clock.

In the square and again near the Catholic church at the top of the hill north of the square, the Eisenhower car paused while it opened his car window to smile, acknowledge the cheers and applause and to thank the crowd for standing in the cold to greet them. "We appreciate it very much," he said.

## Seminarian Given Call At Quincy

A call has been extended to David N. Finney Jr. to serve as pastor of the Quincy Lutheran Church.

A similar call had been extended last month by the congregation of the Rouzerville Lutheran Church. A Senior at the Lutheran Theological Seminary here, he now serves both churches as a combined charge.

Pastor Finney has delayed his answer until February when he says he will make a decision. "If I decide to continue in the parish ministry, I will stay here," he has told the two congregations.

## LIBERTY TWP. REPORT FOR '60 IS FILED TODAY

Liberty Twp. entered 1961 with a cash balance of \$77 in the township fund and \$1,210 in the state fund, according to the annual report filed with the clerk of the courts today by auditors Henry G. Hokes, Samuel Buhrman and A. M. Sites. This cash balance compared to \$130 in the township and \$77 in the state fund at the beginning of 1960.

Receipts totaled \$11,981. Of that amount \$1,205 was collected from the per capita tax, \$2,016 from real estate taxes, \$5,464 from state aid and \$2,264 from miscellaneous items.

Expenditures reported were: For general government \$935, including \$327 for secretary's salary and \$117 for the tax collector; \$102 for protection to persons and property; \$10,070 for highways with the state paying \$6,032 of that amount. The township spent \$221 for snow removal, \$624 for repairs to tool and materials; \$1,120 for construction and reconstruction of roads; \$2,063 for resurfacing and maintenance of roads and bridges. Miscellaneous expenses were \$232.

The township maintained 19.77 miles of improved-surface roads. Equipment owned by the township includes a diesel grader, one snow plow, one road drag and a 1941 Ford dump truck.

### 19 MILES OF ROADS

The township maintained 19.77 miles of improved-surface roads. Equipment owned by the township includes a diesel grader, one snow plow, one road drag and a 1941 Ford dump truck.

The tax report showed the tax rate was .06 mills for general purpose taxes. The real estate assessed valuation was \$357,256. The tax levy on real estate was \$2,143 and \$1,680 for per capita tax. Total taxes collected during the year were \$3,252 with \$1,345 being delinquent at the end of the year.

David Tressler was named chairman of the board of supervisors for 1961: T. J. Vaughn, secretary, and Emory Flohr and Glenn Smith other supervisors. The assessor is Ollie Sanders and the tax collector is George Pecher.

### BUYS PROPERTY

Robert Trimmer, Biglerville, purchased a property in Aspers at public sale Saturday for \$6,350. The sale was held by the Gettysburg National Bank as executor of the estate of C. Irvin Blair, late of Aspers. Personal property sold well.

### \$325 ACCIDENT

Damage was estimated at \$325 when two cars collided a mile east of Blue Ridge Summit on the Sun-ehine Trail Saturday night at 10 o'clock. Police said a car operated by Robert M. Borne, Highfield, Md., became disabled and pulled to the side of the road. A station wagon driven by Herbert W. Bryan, Hagerstown, skidded and slid into the rear of the halted auto.

### FOE OF SALAZAR

Galvao, a former member of the Portuguese National Assembly and a playwright, is a bitter longtime opponent of Portuguese Premier Salazar. He fled Lisbon in 1959 after escaping from a hospital while serving an 18-year prison term for treason. There was no word from the ship on the motive for the seizure, but speculation immediately arose that the band was focusing world attention on the 33-year-old Portuguese dictatorship.

A U.S. Navy spokesman called the seizure "unprecedented in peacetime." The Navy in Washington said that in ordering its destroyers to apprehend the ship, it was acting "under the well-defined terms of international law governing piracy and insurrection aboard ship."

### SEEK CRUISE SHIP

Three U.S. PV2 long-range patrol planes from Puerto Rico ranged over the Caribbean to search out the cruise ship and report its position to the warships. The British frigate Rothesay also was hot on the trail.

(A radio message heard in Curacao early today said an unidentified Swedish ship had located the Santa Maria 100 miles east of Trinidad.)

Miami agents for the Santa Maria said they had received a radio message from the vessel at 5 o'clock Monday night saying she was delayed by "engine difficulties." The ship was scheduled to stop at Port Everglades, Fla., at 7 a.m. today, but the agents, Shaw Bros., said the vessel reported it would arrive at 2 p.m.

Premier Salazar called an emergency meeting of his Cabinet in Lisbon and early today announced the "preposterous crime" to the nation.

rectly over his house. He said the plane "sounded like it was about half running. I think it had already had fallen when I heard an explosion that sounded like dynamite. It was mighty loud. I live 2 1/2 miles away and it shook my house."

### FOUR SURVIVORS

The first four of the survivors picked up were Lt. William R. Wilson, 27, of Somerville, N. J.; Capt. Richard W. Rardin, 33, of San Antonio, Tex.; Lt. A. C. Matlocks, 27, the third pilot, of Mayville, N. C., and Capt. Paul E. Brown, 37, of Beardstown, Ill., the navigator.

Others on the plane were Maj. Eugene Shelton, 41, of San Antonio, Tex., radar navigator; Maj. Eugene Richards, 42, of Toccoa, Ga., electronics weapons officer, and T. Sgt. Francis R. Barnish, 35, of Greenfield, Mass.

## SEEK FUND FOR UNEMPLOYED

WASHINGTON (AP) — The Kennedy administration is reported considering asking Congress to authorize quick extra money for the unemployed.

Secretary of Labor Arthur J. Goldberg told reporters Monday after seeing President Kennedy that "there is a deep concern about the unemployment compensation area—and a strong feeling the government must extend help."

Goldberg didn't elaborate, but presumably what is being considered is additional federal aid payments to idled workers.

### UNEMPLOYMENT MOUNTING

The AFL-CIO has recommended an extensive emergency aid plan which it estimates would cost over \$200 million a month.

Goldberg said unemployment is mounting. Those idle among all workers insured for state benefits rose by 228,000 during the week ended Jan. 7 to a total of 3,289,600. The idle rate among insured workers is 8.1 per cent. Both the rate and the total are record highs for that particular week.

Over-all unemployment was 4.5 million in mid-December with a rate of 6.8 per cent. Labor Department officials said the mid-January total probably would top 5.5 million.

WASHINGTON (AP) — The House Rules Committee by a vote of 6-2 today approved an increase in its membership designed to break a coalition's grip on legislation.

The Rules Committee decides which bills shall go to the House and in what order. Liberals have complained that their bills are blocked by the committee's Republicans and conservative Democrats.

Bendersville Troop 31 met Monday evening at the Bendersville School to begin its folk dancing badge. Frederic Griest Jr. instructed the girls in American folk dancing and country round dances. Mrs. Clair Ikes assisted. Thirty-four girls and four leaders were present.

## JAIL MOM WHO DRUGGED KIDS

CLEVELAND, Ohio (AP) — A Juvenile Court judge sentenced the mother of the "sleeping beauty" Fratanio sisters today to the maximum penalty of a year in jail and a fine of \$500, plus costs, for secretly feeding the little girls sleep-inducing drugs.

Judge Albert A. Woldman sternly lectured the mother, Lillian Fratanio.

"You were not only a bad mother to your children, you were a bad wife to your husband. Unless there is a change in your personality, you should not be trusted with the upbringing of your children," the judge said.

He told the 29-year-old mother of five that she was fortunate she was charged only with ill-treatment of her two daughters, Bernadette, 3, and Venita, 6. It is only a matter of luck, the judge told her, that the children escaped death and the charge was not more serious.

Asked by the court whether she had anything to say, Mrs. Fratanio answered with a meek "no."

Mrs. Fratanio was convicted Dec. 6 by a jury that deliberated slightly less than two hours after a two-week trial.

## CLUB CHANGES ITS POLICY ON JEWISH ESCORT

SCARSDALE, N. Y. (AP) — Leaders of the Scarsdale Golf Club—where a youth was barred from a Christmas dance on the ground that he was Jewish—have announced its members are free to bring any guests they choose.

Charles S. McAllister, president of the club, and the board of governors Monday issued a letter of "clarification for future guidance."

The latter said in part: "It should be clearly understood that any member of this club may use the facilities of the club to entertain guests and friends of his choosing."

### BANNED FROM COMMUNION

The Rev. George Kempell Jr., rector of the Protestant Episcopal church of St. James the Less, announced recently that he would not welcome to Holy Communion any of his parishioners who had sanctioned the ban on the youth by the club's ball committee. Before being welcome at Communion, the rector said, they would have to work out "their peace with God."

The rejected youth is Michael C. Herndon, 20, son of a Jewish father and a Roman Catholic mother. Allowed by his parents to have freedom of religious choice, he became a baptized member of the Episcopal parish two years ago.

## EXPAND MENU FOR U. S. NEEDY

WASHINGTON (AP) — Secretary of Agriculture Orville L. Freeman announced today the government will buy meat, eggs and some other items not now in surplus stocks to provide greater variety in the program of food donations for the needy.

Foods to be bought will be canned pork and gravy, dried whole pea beans and dried whole egg solids.

Foods now being donated from surplus stocks are flour, corn meal, nonfat dry milk, rice, lard and butter.

The expansion in variety is being made to carry out an order by President Kennedy for increased help to low income persons.

Presently about 3 1/2 million persons in 42 states are receiving surplus food.

### WELCOME EISENHOWERS

HARRISBURG (AP) — Former President and Mrs. Dwight D. Eisenhower were officially welcomed back to Pennsylvania Monday night by the State Senate.

The Senate unanimously adopted a resolution sponsored by Sens. D. Elmer Hawbaker, R-Franklin, and Clarence D. Bell, R-Delaware. The resolution pointed out that Eisenhower's ancestors lived in Pennsylvania before going to Texas, where the past president was born.

## URGE CHECK ON

lectors' income has doubled does not mean that his percentage should be cut in half. But it does mean I think that school boards should take a look at it."

Reports were presented by Superintendent of Schools C. D. Keffer and Assistant M. Francis Coulson on findings of "task forces" of the Governor's Committee on Schools. While stressing that findings of any of the "task forces" must be approved by the overall committee and by the legislature, the two said that among recommendations which will be made by the "task forces" will be that all counties such as Adams be made one school district—rather than the many into which it is now divided. The two said they were going to Harrisburg today for a meeting at which further findings of the task forces will be outlined.

PLEASED ABOUT INSTITUTE  
The county board recommended that the Biglerville National Bank be named depository for the audio-visual library being set up by six counties. The recommendation, to be presented at a meeting of the six counties February 6, was based upon the naming of Dean Asquith, Biglerville, as treasurer of the six-county audio-visual library organization.

The county board members noted their pleasure that the Adams County and Gettysburg Teachers will unite next October 9 and 10 for their annual institute. For the last decade or more they have held separate institutes.

Approval was given to disbursements of \$14,361.02 during the last month for special education. Expenditures so far during the school year for special education have been \$71,963.88 for instruction and \$9,750 for transportation, a total of \$81,713.88.

### OKAY SCHOOL ANNEX

Approval was given for plans of the Upper Adams School District to add a four-room addition in the form of a "L" to the present Biglerville Elementary School.

Approval was given to plans for the Gettysburg Area Senior High School and for the installation of a stand-by heating system in the Meade School here.

Approval was given to an application of Franklin Twp. for approval of a school site. Assistant Superintendent Coulson said the papers forwarded to the state for Franklin Twp. asked that the state send men here to study the plan to add five acres to the present five-acre school site and give approval for addition of school rooms to the Franklin Twp. building at Cashtown.

Approval was given for the county superintendent to send a letter to all school boards asking them to submit a pencilled copy of budgets for review before preparing the final budget. With the forms becoming more complicated, it was noted that frequently a number of changes must be made, "and thus the whole budget has to be retyped."

### SOCIETY'S RIGHTS

Montgomery County District Attorney Vincent A. Cirillo held: "There is no proof that when a jurymen asked whether a verdict of life imprisonment without a possibility of parole was a possible verdict he was considering life imprisonment. He may simply have wanted to know all possible verdicts before reaching a final decision and may have been considering the death penalty for some time before asking the question. The fact that when posed each jury answered 'death' without hesitation would indicate that that was the decision they had independently reached."

"The jury system is a constitutional safeguard not only to protect the rights of the accused but the rights of society. Society is entitled to feel secure in its person and property. Society will feel more secure and have more confidence in our system of justice if the verdict of the jury is upheld. If Elmo Smith goes to jail and there is the slightest possibility that he may be paroled, society cannot feel secure."

Smith's record was given in the argument by his defense attorneys. His first conviction came after molesting a number of teenage girls. His attack-murder of MaryAnn Mitchell was described by the attorneys as "heinous."

### SERVICES ARE HELD

Funeral services for William Emory Arbogast, 78, who died Sunday morning at the home of a nephew and niece, Mr. and Mrs. Robert Myers, New Oxford R. 2, were held this afternoon from the Fred F. Feiser Funeral Home, New Oxford, with the Rev. Dr. George E. Sheffer officiating. Interment was in the New Oxford Cemetery. Pallbearers were Fred Lynn, Guy, Edgar and Carroll Slothour and John Lillich.

## SEEK OUSTER OF DICTATOR

NEW YORK (AP) — The National Broadcasting Co. today quoted the leader of a band of armed men who seized the liner Santa Maria as saying the action was the first step aimed at overthrowing dictator Antonio de Oliveira Salazar of Portugal.

The network said the leader, Henrique Malta Galvao, reported in a message picked up by RCA Radio Marine that all the ship's passengers were safe.

The leader was quoted as saying he was willing to put in at the first port that would make assurances that the ship would not be seized.

His reply was sent in response to one dispatched to the ship by Leonard Allen, NBC manager of foreign news.

The leader was quoted further as saying: "Passengers and crew asked that their families be informed they are well—and I add well and free."

he did, or because we are admitting we don't know how to parole—we don't know how to protect ourselves against such persons as Elmo Smith."

High held that Smith had "labeled himself as a sexual psychopath ten years before he was released, and released twice, into society. His mental deterioration was obvious. Legally, perhaps, he was not insane, but certainly he was not fully sane either."

Attorneys High and Phelps also argued that "numerous other jurisdictions have abolished the death penalty" and held that "since we are in the state of flux in this matter" Smith should not receive a penalty that may someday be abolished. They held that the death penalty "is not a deterrent. There have been five indictments for murder in Montgomery County since the Smith trial."

Montgomery County District Attorney Vincent A. Cirillo held: "There is no proof that when a jurymen asked whether a verdict of life imprisonment without a possibility of parole was a possible verdict he was considering life imprisonment. He may simply have wanted to know all possible verdicts before reaching a final decision and may have been considering the death penalty for some time before asking the question. ## REPORT REDS CAPTURED 11 DOWNED YANKS

NEW YORK (AP) — A Soviet magazine says the 11 missing crewmen of a U.S. reconnaissance plane shot down by Soviet fighters near the Turkish border on Sept. 2, 1958, parachuted to earth and were captured, the New York Times reported today from Moscow.

The bodies of six of the 17 crewmen of the U.S. Air Force C130 were delivered to U.S. officials at the Turkish border 10 days after the plane was downed. The Russians have never said what happened to the other 11 men.

The State Department told The Times it had asked the Soviet Foreign Ministry for clarification of the magazine article.

The Times dispatch said the report was buried in the magazine Ogonek in a long article reprinted from the East Berlin magazine Neuberlin Illustrierte purporting to show that the United States had taken up where Hitler left off in an all-out espionage campaign against the Soviet Union.

### IDENTIFY ONLY FOUR

The six bodies returned by the Russians were brought to the United States but the Air Force was able to identify only four of them after exhaustive checks. The four were:

1st Lt. John E. Simpson, copilot, Rimland, Wash.

Capt. Rudy J. Swiestra, first pilot, Compton, Calif.

1st Lt. Richard M. Villarreal, first navigator, Laredo, Tex.

Capt. Edward J. Jeruss, second navigator, New Haven, Conn.

Others aboard included: M. Sgt. George P. Petrochilos, Levittown, Pa.

T. Sgt. Arthur L. Mello, Erie, Pa.

A/C Robert J. Oshinski, Shamokin, Pa.

A/C Clement O. Mankins, Point Marion, Pa.

The Pentagon was unable to say which of them are the two other known dead.

Arrange For Examinations:  
Superintendent of County Schools  
H. Milton Roth has announced  
March 20 as the date of holding  
the central examinations this  
year. They are based on the  
first seven months of work as  
outlined in the Illinois Course of  
Study.

Town Boy Makes Good Invention:  
Millard M. Tawney, son of  
Mr. and Mrs. William Tawney,  
of Steinwehr avenue, has patented  
an invention which its  
claimed will save railroads millions  
of dollars. Mr. Tawney is  
now living in Harrisburg where  
expert engineers of many of the  
most important railroads of the  
country are examining the frog  
point recently invented and  
patented by him. In working out  
the invention Mr. Tawney was  
assisted by H. H. Walton, an expert  
pattern maker employed by  
the Pennsylvania Steel Company.

Dogs Ran Big Doe To Death:  
John Fritz, of near Cashtown,  
early this morning rescued a  
large doe from dogs, which had  
chased it out of South Mountain,  
and placed it in his stable. Unfortunately the pretty animal  
died soon afterward from the  
wounds inflicted by its pursuers.  
As soon as Mr. Fritz saw the  
nearly exhausted and frightened  
animal he drove off the dogs  
which were strange ones and had  
evidently come some distance.  
It is believed that they are the  
same as those which have been  
killing deer for the past few weeks  
in the Caledonia region. The doe  
was placed in the stable and Mr.  
Fritz then communicated with  
Charles H. Wilson, of this place.  
Mr. Wilson in turn called up  
State Game Commissioner Kaibius  
who told him to instruct Mr.  
Fritz to dispose of the animal as  
he saw fit in case it died. The deer  
had been badly bitten and bruised  
and it died during the morning.  
The carcass was buried.

Married in Wilmington: Miss  
Margaret Valentine, of Seminary  
Ridge, and Roy T. Brumbaugh,  
a student at college, were married  
in Wilmington, Delaware, on  
Tuesday afternoon by the Rev.  
George L. Wolf, pastor of the  
First Methodist Protestant church  
of that city. The ceremony  
took place at the parsonage.  
The couple left Gettysburg in  
the morning and the ceremony  
took place after their arrival in  
the Delaware city. They left  
Wilmington Tuesday evening for  
Philadelphia, Mr. Brumbaugh's  
home.

May Increase Their Salaries:  
The rural mail carriers from the  
Gettysburg post office will welcome  
a likely advance in salary  
from \$900 to \$1,000 a year. Ten of  
the thirteen carriers now receive  
\$900, the others getting \$720.  
The House of Representatives  
on Tuesday unanimously passed  
the Post Office Appropriation  
bill, carrying about \$257,000.00.  
As soon as the rural free delivery  
service paragraph was reached  
in the bill a dozen members  
were on their feet offering  
amendments to increase the pay  
of the rural carriers from \$900  
a year all the way to \$1,200. Chairman  
Weeks, of the Post Office  
Committee, attempted to limit  
the debate, but the House would  
not hear it.

Mad Dog Scare At Mont Alto:  
Jacob Staley, foreman at the  
White Pine Sanatorium, Mont  
Alto, was terribly bitten in the  
arm and hand by his large brindle  
bulldog. It is believed that the  
animal was suffering from rabies  
and it has been shot.

Mr. Staley has left for Lancaster,  
where he will take the Pasteur  
treatment in a hospital in that  
city. He took with him the head  
of the dog. The brain will be  
examined for conditions indicating  
rabies.  
The animal having bitten a  
number of dogs before his death,  
the owners of these dogs will keep  
strict watch over them.

## Today's Talk

## THE READING HABIT

Two newly published books recently attracted my attention. Loving Nova Scotia as I do, just the fact that one focuses on a distinguished Nova Scotian made me want to personally inspect it. The title "A Foot in the Door" also intrigued me. Alfred C. Fuller (with the aid of author Hartzell Spence) gives a most entertaining and revealing account of himself as founder of the Fuller Brush Company, and the man who guided it into the hundred-million-a-year industry it is today. It is biography well worth reading.

The second book, authored by Mark Hunter, tells of a young Norwegian who came to my New York business office because he "wanted to talk" with me—soon after his dramatic 1925 entry into this country. He was Finn Magnus (at that time penniless!) who has since reached his second multi-million dollar goal by inventing, and mass producing, the plastic musical instruments that anyone can play, and afford. This biography is called "The Finn Magnus Story." As the jacket blurb so truly states: "This is not a book. This is a tool... a tool for your success, happiness, your peace of mind." After personally dipping into its pages I can only say: buy, or borrow, and read it.

Habits are what determine us and of all great habits few can compare with that of reading. When I see a boy, or girl, cultivating the reading habit—despite television—I say to myself that success and happiness are going to come sooner and easier to such a one. Read history. Read biography. Read good fiction. Read books that stimulate and inspire your mind to think out ways and means for itself. We can only measure the present by what the past has taught us. Strive to become an independent thinker. Nothing will accomplish this result quicker or better than to get the daily reading habit. "Books, said Thoreau, "are the treasure wealth of the world, the inheritance of generations and nations."

Tomorrow Mr. Adams will talk on the subject: "The Questioner." Protected, 1961, by The George Matthews Adams Service

## Just Folks

EVICTED  
The frost has come and the trees are bare.  
The garden looks like a room unkempt,  
A littered room that is seldom swept,  
As if its owner had ceased to care.

The wind-tossed leaves are strewn about,  
The plants are yellow and brown and frail.  
I once saw a woman drawn and pale  
The men of the law had ordered out.  
Helpless she sat near her broken things,  
Cold, indifferent, she watched them there.  
The end had come, and she'd ceased to care,  
What matters the pain which eviction brings?

Strangely I thought of her face today,  
With the litter of rubbish about her spread,  
"The frost has evicted the flowers," I said,  
"And ordered the summer to move away."

## NEW WARNING FOR CUBANS

HAVANA (AP)—Maj. Ernesto Guevara warned Cuba's civilian soldiers Sunday night to remain alert so that if "the new (Kennedy) administration threatens us we will all be ready to go back to the trenches."

Cuba's pro-Communist economic chief sounded the warning at a rally of demobilized militiamen at a seacoast town 40 miles west of Havana. He urged the men to go back to work now that the three-week "invasion" alert was over, but cautioned they to be prepared.

Fidel Castro told provincial delegates of the Agrarian Reform Institute that his government would give 80,000 small farmers in Oriente Province credits to spur cultivation of coffee and cacao.

He also announced creation of "children's farms" to be incorporated in the "people's farms," which raise vegetables, chickens and rabbits. Children over 10 will be eligible to work on the farms. Cuba and the Soviet Union also will exchange a thousand children to work and learn on each other's youth farms, Castro said.

American farmers work an average of 45.6 hours per week.

## SHORTAGE OF FOOD BRINGS CHINA CRISIS

By ALAN CLINE

TOKYO (AP)—An announcement from Peking indicates unrest and sabotage brought on by a drastic shortage of food is bringing new drives against opponents of the Red regime.

A voluminous communique issued after a meeting Jan. 14-18 of the top Chinese command in Peking referred again and again to the food shortage, which was blamed on the "most severe natural calamities in a century following upon serious natural calamities of 1959."

The Communists reported last month that 150 million acres were hit by these calamities. No figures were listed in the latest report, but it left no doubt about the seriousness of the problem.

## NEW COLD WAVE

The official New China News Agency reported a four-day cold wave in Kwangtung Province, South China, destroyed part of the winter crop, especially sweet potatoes, a staple food of the toiling masses.

The Peking communique said, the agricultural setback led to a shortage of raw materials for light industry. The leaders ordered that new sources of material along with increased production be achieved to "ensure the supply of the people's daily necessities as far as possible."

"The tasks in 1961 are extraordinarily great and arduous," the communique said, "but the difficulties can be overcome."

## 90 PER CENT LOYAL

The Communists claimed that more than 90 per cent of the population is loyal to the Red regime and is putting up with their "temporary difficulties." However, it reported "an extremely small number of landlord and bourgeois elements have not yet been sufficiently reformed and are always attempting a comeback."

## OFFICIALS INADEQUATE

This element was charged with taking advantage of the difficulties, along with "some shortcoming in the work at the lower levels to carry out sabotaging activities."

The communique added that China had a few minor Communist party officials who "although good-willed and well-intentioned, are inadequate in their ideology and consciousness."

"They lack understanding of the fundamental policies of the party and government," the communique said, reporting a sort of back-to-school movement called rectification.

## REVEAL PLANS FOR JAPAN-U. S. STOCK TRADES

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—Americans with an urge to buy and sell Japanese stocks can soon use a short cut that has speeded up such deals in European shares—American Depository Receipts.

These make trading in foreign securities faster and easier by doing it all right here through a linkup of American and foreign banks handling specific issues. The ADR gained in popularity early last year when European stock markets were booming while the American variety was alternately skidding or idling.

The ADR is a certificate issued by an American bank on a particular corporate share held by a foreign bank as correspondent. The ADR can be bought and sold here, eliminating the transfer of the securities overseas, and thus giving the buyer prompt ownership without actual physical possession.

## SIDESTEPS LIMITATIONS

The device also sidesteps for an in-and-out trader whatever limitations a foreign land still keeps on transfer of recovered investments after a sale, and eases any remaining difficulties on currency exchange.

In Japan, for example, Americans buying Japanese shares directly can repatriate one-third of their investment and earnings only after holding them two years, a second third after three years, and the remainder after four years.

An ADR will simplify that for trading within this country. Total American investment in Japanese shares has been relatively small, but interest has perked up of late because prices on Japanese stock markets last year increased by about 50 per cent on average. And the advent of the ADR is expected to aid a drive for further American investment in the islands.

## NO GUARANTEE

But would-be investors should remember that just because an American bank issues an ADR on a foreign stock of whatever origin, there's no guarantee that the stock involved won't go down in price. Just what happened to many in European markets in the final months of 1960 because the business boom was slowing down in some lands and because some

## Wedding

MRS. BYERS

Miss Patricia Ann Lenhardt, daughter of Capt. and Mrs. Harry F. Lenhardt, U. S. Naval Hospital, Portsmouth, Va., became the bride of 2nd Lt. Larry Eugene Byers, USMC, son of Mr. and Mrs. Jacob K. Byers, New Oxford, in the First Presbyterian Church, Portsmouth, Va., January 14, with Dr. Stuart Merriam performing the ceremony. The organist was Mrs. William Trotman and the soloist, Mrs. Frances Hardy.

The bride, given in marriage by her father, wore a magnolia skinner's satin gown fashioned with oval neckline, sculptured in Argentea lace, embroidered in crystal beads and tiny antique pearls, long sleeves pointed over the hands and edged with lace medallions. The Princess Ann bodice defined the bouffant skirt garlanded in lace that formed a cathedral length train. Her fingertip veil of silk illusion was arranged from a matching lace gown edged in pearls. She carried a royal bouquet of white orchids with lilies-of-the-valley and white butterfly roses.

The maid of honor, Gwendolyn Jo McAllister, Arlington, Va., wore cardinal velvet full length dress styled with a scooped neckline, bracelet length sleeves and full gathered skirt. Her headpiece was a matching bow bandeau. She carried a bouquet of pale pink mist roses with cymbidiums in the heart of it. The bridesmaids, Kathie Ann Lenhardt, Portsmouth, Va., sister of the bride; Patricia Evans, Lancaster, and Gretchen Van Kirk, Philadelphia, wore gowns identical to the maid of honor. Their bouquets were of pale pink mist roses with cut-up carnations.

The best man was 2nd Lt. James Carey, USMC. The ushers were Thomas Angelo, New Oxford; 2nd Lt. William Bell, USMC, Quantico, Va., and 2nd Lt. Cecil Cook, USMC, Fredericksburg, Va.

## RECEPTION HELD

The reception was held at the Jamestown Room, Commissioned Officer's Club, Naval Operating Base, Norfolk, Va. For their wedding trip to Williamsburg, Va., and St. Simons Island, Ga., the bride chose a three-piece gray wool and jersey costume suit with white fur cossack hat. The couple will reside at Camp Lejeune, N. C.

The bride attended Lansdowne High School; Agnes Scott College, Decatur, Ga.; Pennsylvania State University, State College, where she received her B. A. degree in Liberal Arts. She is presently employed at the National Aeronautics Association, Washington, D. C. The groom attended New Oxford High School, Pennsylvania State University, where he received a B.S. degree in Business Administration. He is employed as a second lieutenant, U. S. Marine Corps, and is stationed at Camp Lejeune, N. C.

traders feared that U.S. spending abroad would be cut further to defend the strength of the dollar. Such fears have been expressed of late in Tokyo.

The Japanese Finance Ministry has just approved plans for four U.S. banks to issue among them ADRs on shares of 16 big Japanese companies, subject to approval of the U.S. Securities & Exchange Commission. Ten Japanese banks will act as depositories for the shares.

## NEW YORK BANKS

The New York banks involved are: First National City, Morgan Guaranty, Chemical Bank New York Trust, and Irving Trust. The Japanese companies are in the fields of electronics, metals, oil, shipbuilding, chemicals, machinery, insurance, trading and utilities.

The Japanese will retain the time limitations on repatriating direct investments in the corporations and also their ban on foreigners owning more than 15 per cent of any Japanese company. This may hold down the total of American investment in Japan as compared with other nations without such restrictions.

Some 150 ADRs of foreign corporations are now traded actively in New York. The banks issuing them usually handle collection of dividends and take care of dollar exchange formalities.

Direct trading in foreign securities also has been active in the last 18 months on overseas stock exchanges through American brokerage houses with foreign connections. And shares of a num-

## DORIS DAY NOW NUMBER 1 BOX OFFICE STAR

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP)—Obviously this is the Doris Day season. The signs are everywhere: She was chosen Hollywood's Woman of the Year by The Associated Press. She was named the No. 1 money-making star in the Motion Picture Herald's poll. The Los Angeles times chose her Entertainment's Woman of the Year. She is being boomed for an Oscar for "Midnight Lace."

The question arises: What is a Doris Day?

## STARS WITH HUDSON

To research this matter, I called at Universal Studio, where she is making "Love, Come Back" with the No. 2 box office star, Rock Hudson. The handsome pair performed a scene in which they were testing a candy company's new product.

When she finished the sticky chore, Miss Day came out of the scene to assist in my research. Holding a tiny battery-operated fan to cool off, she commented on her rise to the top of the Hollywood heap.

"Somebody asked me how I explained the fact that I was the fourth actress to be No. 1, the others having been Shirley Temple, Marie Dressler and Betty Grable, Doris said. "I said it was simple: We're all the same type."

## SEXY PICTURES

Yes, but how does she manage to swim against the current trend, which is toward films of lust and lechery?

"I think my pictures are sexy," she commented. "Pillow Talk" was all about sex. But there's a difference between good, clean fun and dwelling on sordid things. I don't think a girl has to wear a low-cut dress or play a prostitute to be sexy on the screen.

"I wonder if there is such a trend. Do people really want to see such things, or do the producers just think they do? I know that I feel embarrassed when I see raw sex on the screen. I wonder if other people aren't, too."

## FRESH AND CLEAN

Now we're getting a picture of the Day phenomenon. She is fresh, clean (watch the word wholesome: she cringes at it) and buoyant. She eschews the downbeat—"Producers just don't send me that kind of story." Closest she came to the low-down kind of story was as Ruth Etting in "Love Me or Leave Me."

"But she wasn't a bad girl," Miss Day added. "She was entirely honest."

That's Doris Day—honest. She doesn't smoke, she doesn't drink. Guests will find no booze at her house.

"Our friends understand it," she said. "And we've got the craziest soda fountain you've ever seen. I can whip up some fantastic sodas and sundaes. I always keep a big bowl of whipped cream handy."

## TWO KILLED

CARLISLE, Pa. (AP)—Carl E. Boyd, 43, of Brownsville, and his 2-year-old niece were killed Sunday night in a crash which set fire to their station wagon on the Pennsylvania Turnpike.

Turnpike authorities said a truck driven by Robert F. Strickler, 43, of York, crashed into Boyd's station wagon in fog just east of Carlisle.

The dead child was Patty Stenson.

MIAMI BEACH, Fla. (AP)—Palm Beach has been chosen by Ingemar Johansson as the site of his training camp for his return match with heavyweight champion Floyd Patterson March 13 at Miami Beach.

Johansson will come one day a week to Miami Beach to work out in the Municipal Auditorium next door to the Miami Beach convention hall, scene of the fight. Patterson is due to arrive Feb. 13.

## COL. MOBUTU IS PROMOTED

LEOPOLDVILLE, the Congo (AP)—Col. Joseph Mobutu, military strong man of Congo's government, was promoted to major general Monday and told his unruly army it must obey orders.

The same warning came from President Joseph Kasavubu, who announced Mobutu's promotion at a ceremony at Leopoldville's Camp Koko, scene of recent discontent over pay.

The promotion was regarded by Western diplomats as designed to reassert Mobutu's authority over the army and to ease him away from the political stage.

A delegation of Western diplomats called on Rajeshwar Dayal, India's head of the U.N. Congo operation, for assurances that white residents will be protected at Stanleyville, Oriental Province stronghold of ex-Premier Patrice Lumumba's backers.

Travelers who managed to escape from the rebel capital said 800 Belgian residents of Stanleyville live in fear of arrest as hostages for the safety of Lumumba, now jailed in Katanga Province.

## 9 ARE KILLED OVER WEEKEND, FIVE IN TRAFFIC

By THE ASSOCIATED PRESS

Nine persons were killed in accidents in Pennsylvania during the weekend. There were five traffic victims, including two in a truck-station wagon collision on the Pennsylvania Turnpike east of Carlisle Sunday night.

Fog was blamed in part for the truck crash and ice and snow contributed to three other deaths.

Carl E. Boyd, 43, of Brownsville, and his niece, Patty Stenson, 2, were the victims of the Carlisle crash. They were in the station wagon, which police said was hit by the truck.

Seven-year-old George Smith of East McKeesport, was killed Sunday when his sled smashed into a police car near his home. Patrolman Gerald Shaner, driver of the car, later suffered a heart attack and was admitted to the hospital.

## ARMY CAPTAIN KILLED

Robert B. Flowers, 46, of Easton, an Army captain died Saturday when his auto skidded on an icy road near Claysville, Washington County, and collided with a tractor-trailer.

Otto Pitschman, 66, of Whitehall, lost his footing Saturday while trying to loosen coal frozen in a piece of mining equipment at Pleasant Hills and tumbled down a chute. He was crushed to death when 20 tons of coal fell on him.

Fire claimed the life of Mrs. Jessa Ritts, 89, of Titusville. She died Saturday night of burns suffered when her clothing caught fire as she was lighting a stove in her bedroom.

## OTHER VICTIMS

Reading—Frank J. Celebucki Jr., 13, of Reading, found by his mother Saturday night hanging by his neck from a closet door. A belt was looped over a corner of a door and around his neck. His parents told police that he apparently was trying to imitate or act out something he had seen on television. They said that Frank, their only child, often tried to imitate scenes from television.

Mount Pleasant—Harry G. Miller, 69, hit by a car Saturday night near his home in that Westmoreland County community.

Brockport—Mrs. Emma Sidelinger, 67, walked into the path of a car Saturday night on Route 219 near her home in that Elk County community.

## President Of Firm Joins Cashier Of Bank In Jail

SHELDON, Iowa (AP)—Two of Sheldon's leading citizens—a bank cashier and the president of its biggest industry—were in the same jail Monday, accused of participating in a \$2-million bank embezzlement.

Federal agents arrested Harold

Eugene Kistner Jr., 35, Saturday night at his home. He was taken to Woodbury County jail in Sioux City, where Burnice Geiger, 38, has been held for a week. She has admitted the embezzlement that closed the bank, police said.

Mrs. Geiger was assistant cashier and a member of the board of the Sheldon National Bank. Kistner, charged with aiding and abetting Mrs. Geiger in draining sizable sums from the bank, was the former president of the Northern Biochemical Corp.

## ROOSEVELT TO SPEAK

Mrs. Geiger, the principal stockholder in Biochemical, owned more than a third of the firm's shares.

Elliott Roosevelt, son of the late president, was scheduled to speak to Biochemical employees today in a meeting open to townspeople. Roosevelt is economic adviser to the firm, which mixes and sells animal feeds.

The company closed its plant Sunday for the first time since last April. It had been operating on a six-hour, four-shift basis, seven days a week.

No reason for the shutdown was given. Operations began again at midnight with the full shift returning to duty.

## VISITED BY HUSBAND

Mrs. Geiger was visited Sunday by her husband Wallace, a Sheldon merchant, for the first time since she was jailed last Monday. He announced two Sioux City attorneys had been employed to represent her.

Authorities said Kistner was accused of helping Mrs. Geiger drain large sums of money from the bank. They said he wrote checks without having the money on deposit and Mrs. Geiger apparently accepted the checks but did not charge the amounts to Northern Biochemical's accounts.

Kistner was fired as president of the company by the board of directors last Friday after numerous criticisms by Roosevelt of the firm's financial system, and after it was revealed that Kistner had been convicted of the illegal sale of securities in Nebraska several years ago.

## Goodling Favors Aid To Distressed

WASHINGTON (AP)—Rep. George A. Goodling, R-Pa., said Monday he favors the principle of federal aid to distressed areas. "I will be for any bill which will accomplish its purpose of aid to chronically distressed areas," Goodling told a newsman.

Any such bill, the new Republican congressman from Pennsylvania's 19th District added, should be "strictly nonpolitical." He indicated he thought there had been too much political motivation in connection with proposed distressed areas legislation.

## Warriors And Cannons In SP Tilt Here Tonight; Delone Hosts McDevitt

Important games are scheduled tonight in all of the local scholastic basketball leagues.

Gettysburg (0-3) in the first-half race entertains Biglerville (0-4) as both teams attempt to escape the cellar of the South Penn League.

Both teams are hungry for victory. The Warriors have dropped their last two games and are now 6-3 overall. Biglerville has lost six straight for an overall record of 2-9.

In Bill Sanni, 5-6 Junior, the Cannons have one of the top scorers in the area. He has been averaging better than 18 points per game.

Coach Bernard Thrush is expected to start Sanni, Rodney Sheaffer 6-3, Glenn Olmstead 5-10, Gordon Harvey 5-6, and John Ernst 5-5.

The Warriors' probable starters will be Don Waddell, Howie Miller, Greg Maitland, Roger Ecker and Mark Eckert.

The junior varsities will meet at 6:45 p.m.

### SP "TITLE" CLASH

Heading tonight's action will be the Chambersburg-Carlisle clash at Carlisle. A win for Carlisle (4-0) will give it the first half title while a Trojan win would put Chambersburg (3-0) on top with one game remaining, that with Gettysburg at Chambersburg Thursday evening.

The Scotland-Greencastle clash at Greencastle tonight features the Adams-Franklin League program. Both have 7-0 records in the Franklin Division.

Other league games include Quincy (3-5) at Littlestown (4-3); Fairfield (2-5) at Buchanan (5-3); Bermudian (2-5) at Fannett-Metal (0-7); and New Oxford (1-6) at St. Thomas (5-2).

### TEST FOR SQUIRES

Delone Catholic (2-1) faces its biggest test in the Central Penn Catholic League tonight at McSherrystown when it opposes Bishop McDevitt (3-0). McDevitt is regarded as one of the best schoolboy outfits in this section and has been beaten but once this season. Delone is deadlocked with York for second place.

Other CPCL tilts tonight include Lebanon (1-2) at York (2-1), and Lancaster (0-3) at Shamokin (1-2). Originally tonight's games would have ended the first-half race but two postponements from last Friday remain to be made up.

Shamokin at York, and Lancaster at McDevitt. Delone has a first-half engagement at Lebanon on Thursday.

Three games are scheduled for the South Penn Junior High League. Gettysburg (0-3) meets Faust (1-2) at Chambersburg; Washington Twp. (0-3) plays at Hanover (3-0); and Shippensburg (3-0) journeys to Waynesboro (3-1).

## SAYS VERNON WILL BE GOOD FIELD LEADER

PHILADELPHIA (AP)—Ed Doherty, general manager of the new Washington baseball franchise in the American League, says he was extremely fortunate in being able to acquire Mickey Vernon as his field manager.

"In the short time I have known him," Doherty told the Philadelphia Sports Writers Association banquet Monday night, "he has shown me he is a student of the game as you men have said."

"I don't think he'll take any dogging on this ball club. I don't think we'll be paties for the league. Mickey was astute in going over the list of players we selected."

### OTHER PRAISE

Shortstop Dick Groat of the world champion Pittsburgh Pirates, who won the National League batting title last year and was named most valuable player, also had praise for Vernon, who was a Pirate coach last year. He said Vernon had a lot to do with his winning the batting title because he observed him and suggested and later encouraged him to use a heavier bat.

Vernon, of nearby Wallingford, Pa., also addressed the banquet gathering. He said it was tough to answer what kind of a manager he would be but he hoped some of the skills of the managers he played under rubbed off on him. He said Danny Murtaugh, his boyhood friend and next door neighbor, was a "terrific manager."

### NO CHANGES

Murtaugh said that right now he doesn't plan any sweeping changes in the Pirates lineup for next year.

He said in an interview he is planning to use newly acquired Bobby Shantz as a reliever.

Murtaugh, who lives in nearby Chester, also spoke at the banquet.

## EXAMS LIMIT CAGE GAMES; PURDUE LOSES

By THE ASSOCIATED PRESS  
Mid-semester examinations limited the major college basketball schedule Monday night to a pair of Big Ten games in which lowly Northwestern knocked off Purdue and Minnesota clobbered Michigan State.

Putting a halt on Olympian Terry Dischinger, Northwestern beat Purdue, 64-62, and knocked the Boilermakers out of a tie with top-ranked Ohio State for the Big Ten lead. Minnesota added to Michigan State's woes with an 89-70 victory.

In both games, the home team was victorious.

### STYMIED DISCHINGER

Dischinger, still operating with an injured middle finger on his right hand, was stymied by Northwestern's defensive tactics. The Wildcats played a four-man zone with the fifth man following Purdue's All-America candidate.

The Big Ten's leading scorer was limited to four shots and a total of six points in the first half and finished with 17 points for the night, far below his 29-point conference average.

Minnesota, a team which figures to be much better than its over-all 4-10 record, upset its Big Ten mark to 2-3 by crushing Michigan State. The Gophers led 47-31 at the half and never were threatened.

LaSalle defeated West Chester State 83-67, snapping its five-game victory streak.

Bob McAttee sparked LaSalle (10-2) with 24 points while teammate Bill Rafferty had 18. Dick Taylor collected 20 points and Dale Waters 17 for West Chester (6-4).

## MOST PLAYERS FAVOR SKORICH'S HEAD COACH

PHILADELPHIA (AP)—The appointment of Nick Skorich as head football coach of the world champion Philadelphia Eagles today drew a most favorable and enthusiastic reaction from several players and retired coach Buck Shaw, whom he replaced.

"He's the only choice they could make," said ironman center and linebacker Chuck Bednarik. "He's stern and a good leader. I'm sure he'll keep the team on top."

End Bobby Walston, whose pass catching and field goal kicking played a key role in the Eagles' drive to the National Football League title last year, said "I think he'll do a hell of a job."

### OLD PRO

"I was glad to see him get the job," said Walston. "He's an old pro who came up through the ranks. I believe he'll try for a stronger running game."

Tommy McDonald, the Eagles' star pass catcher, said from his home in Albuquerque, N. M., that he will be "happy to work under Skorich."

"He's got what it takes to be a great one," said McDonald. "You can look for another great season for the Eagles."

### GOOD HEAD

Shaw, here for a banquet, said he thought Skorich would be "a good football head."

"I think he'll do a real good job," said Shaw, "good enough so that they'll forget Grange Shaw in a hurry. All the kids know him which helps. And they will give him their best."

The Eagles announced Monday that the 39-year-old Skorich was given a three-year contract at a reported annual salary of \$20,000.

### RETAIN 2 ASSISTANTS

Skorich said he will retain Jerry Williams and Charley Gauer as his assistants. He said he had three or four coaches in mind for the vacant assistant's post but left, but he declined to list any names. One of them was believed to be Chuck Cherundolo, who was with the Pittsburgh Steelers the same time Skorich was.

Skorich said the quarterback slot, vacated by Norm Van Brocklin, would be up for grabs but that Sonny Jurgensen "has the edge."

He said that Jurgensen, Van Brocklin's understudy, "has a good arm and he's very intelligent."

Skorich said he wanted to improve the running game.

"That's been one of our weaknesses," he said. "I think we'll have to improve our blocking considerably. I favor a balanced game. After all, Van Brocklin don't come along very often."

## OHIO STATE ON TOP AGAIN IN NATIONAL POLL

By THE ASSOCIATED PRESS  
Ohio State, only unbeaten major college basketball team in the nation, continues to roll along with every first-place vote in the weekly Associated Press poll. For the sixth straight week, the Buckeyes are the unanimous choice of the 36 sports writers and sportscasters who voted.

Perhaps the most difficult test of the 11 games remaining on the Ohio State schedule comes Saturday afternoon when Jerry Lucas and his gang play Purdue which had been unbeaten in Big Ten competition until Monday night.

Ohio State rolled to its 13th straight Saturday by downing Minnesota 75-56. Their only game this week is the Saturday matinee regional TV date with Purdue.

### LEADERS KEEP PACE

St. Bonaventure and Bradley still follow Ohio State in the same order. The Bonnies boosted their record to 14-1 by thumping Canisius in their only start last week. Bradley, like many others, was held due to the examination period. The big game coming up for both is Bradley-St. Bonaventure Feb. 2 at New York.

## NFL AT ODDS OVER STOCKING VIKING CLUB

NEW YORK (AP)—The National Football League meeting got under way today with the owners split into two factions on ways and means of stocking the new Minnesota Vikings.

One group wants to limit the number of players to be put up for grabs by Coach Norm Van Brocklin of the Vikings.

This faction points out that the Vikings already have been permitted to participate in the draft (they picked up 20 players), and have signed a pretty good quarterback in George Shaw.

The other group wants to give the Vikings the full list of 11 players to choose from—the same number the Dallas Cowboys picked from last season when they began operations. A spokesman for this group pointed out that even with the wide choice, the Cowboys didn't win a game.

"I think the Vikings should get the same break as the Cowboys," said Commissioner Pete Rozelle before entering the meeting. At any rate, the Vikings will wind up with 36 players, three from each team except the Cowboys.

It also seemed certain that the league will vote to expand its schedule from 12 to 14 games. All concerned agreed that it won't be easy, but that it is a necessity. Part of the solution will be to cut the exhibition season to five games and open on the weekend of Sept. 15.

"We'll have the problem of baseball at one end and weather at the other," Rozelle said.

Five of the Eastern and four of the Western Conference teams play their games in baseball parks. That makes for a scheduling problem. Furthermore, only Los Angeles, San Francisco and Dallas are reasonably certain of good weather late in the season.

## All AHL Records Held By Indians

NEW YORK (AP)—The Springfield Indians, American Hockey League leaders, continued to hold a virtual monopoly on the top places in the weekly statistics issued by the AHL Service Bureau today.

Paced by Bill Sweeney, Springfield players held eight of the first ten places in scoring and goalie Marcel Paille retained the lead in shutouts and goal-tending averages.

Sweeney added only one point, on an assist, in three games last week but continued to top the scoring list by eight points over teammate Brian Kilrea. Sweeney has 24 goals and 44 assists. Kilrea took the assist lead with his 46th of the season and has 60 points.

Phil Maloney of Buffalo, third with 59 points, and Larry Wilson of Buffalo, sixth with 55, are the only intruders on the Springfield scoring monopoly. Jimmy Anderson of the Indians completed the job by leading the goal-getters with 31.

## SAYS NEGRO BALLPLAYERS RESENT CAMPS

CHICAGO (AP)—Chicago's American says Negro major league baseball players are becoming resentful over embarrassments and humiliation in Southern training camps.

In a copyrighted article by Wendell Smith Monday, the paper said such players as Ernie Banks of the Chicago Cubs, Willie Mays of San Francisco and Hank Aaron of Milwaukee are idolized by thousands of youngsters across the nation, are accepted as first class citizens in the North during the regular season but as second class citizens during spring training.

### RESENT THE IDEA

The American said Negro players resent not being allowed to stay in the same hotels with their teammates and not being able to eat in the same restaurants.

Smith, a Negro, said Chicago Cub Negro players will be accepted along with the other players at the hotel where the team stays in Mesa, Ariz. Such is not the case with the Chicago White Sox who train in Sarasota, Fla.

Negro players on the Sox, says Smith, will not be able to stay with their teammates. "They will have to stay in a Negro community under conditions that leave something to be desired," he wrote.

### Goalby Leads PGA Money Winners

DUNEDIN, Fla. (AP)—Bob Goalby, playing out of Crystal River, Fla., today clung to first place in professional golf's 1961 money winners.

Goalby picked up \$7,500 by winning the Los Angeles Open Jan. 8. He has collected only \$1,300 in two subsequent tournaments, according to the latest figures from PGA headquarters.

Bob Rosburg, former Stanford University star playing out of Overland Park, Kan., is second with \$6,700 in prize money.

### Backfield Coach Gets New Position

AMHERST, Mass. (AP)—Pitt backfield coach Vic Fusia has been appointed head football coach at the University of Massachusetts, succeeding Chuck Studley who took a similar post at Cincinnati.

Massachusetts Athletic Director Warren McGuirk announced Monday that Fusia was given a three-year contract. Salary terms were not disclosed.

## Expect Assembly Battle For Tax And Housing Proposals

HARRISBURG (AP) — A floor fight on the administration's tax proposals and its fair housing legislation shaped up in the General Assembly today.

Sen. Robert Fleming, R-Allegheny, prepared an amendment to the Fair Housing Bill, leaving enforcement of the proposed regulation up to a vote of individual communities around the state.

In the House, Republicans succeeded Monday in postponing action for at least one day on Gov. Lawrence's program to raise \$179 million through accelerated business taxes, extension of existing taxes, elimination of commissions paid for collecting taxes and an increase of two cents in the state's five-cents-a-gallon gasoline tax.

**UPSET PLAN**

The Republican action upset the plan of Rep. Stephen McCann, House Democratic leader, to complete action in that chamber this week on the revenue proposals.

It takes three separate legislative days to pass any bills under the state's Constitution.

Democratic leaders in each chamber planned a closed-door meeting of their members today to decide what action to take on the fair housing and revenue bills.

**FIRST READING**

McCann tried to have the revenue bills passed on first reading Monday, immediately after they were reported to the floor by committee. Republicans blocked this move, which requires unanimous consent of the House members.

Fleming's plan to alter the Fair Housing Bill drew immediate opposition from another Republican, Sen. Thomas A. Ehrsgood of Lebanon County, a co-sponsor of the measure.

Ehrsgood said Fleming's proposal would bypass the proposed regulations. He said it would be the same as making integration a matter for the individual states or communities in the South to decide by themselves.

**OTHER DEVELOPMENTS**

Other legislative developments Monday:

Implementing Gov. Lawrence's highway safety program were introduced in the Senate. Principal measures would legalize radar to prosecute speeders, establish junior driver's licenses for youths 16 to 18 years old and increase the state police force by 200 men. A chief item of the program not yet offered includes chemical testing of suspected drunken drivers.

Most of the proposals are similar to measures which failed to pass the 1959 legislature.

**Eisenhower** — The Senate approved unanimously and sent to the House a resolution honoring former President Eisenhower for his years of public service and welcoming him and his wife to Pennsylvania. The Eisenhowers have a farm home near Gettysburg in Adams County.

**NO RESIGNATION**

House Committee — House Speaker H. G. Andrews refused to accept the resignation of Rep. Francis X. Muldowney, D-Philadelphia, as chairman of the Citizens' Committee First Class (Philadelphia) Committee. Muldowney said later he would serve, but declined to discuss the background of the resignation he submitted last Monday.

Rep. Charles J. Jim, D-Westmoreland, was named to replace Rep. William F. Renwick, D-Elk, as chairman of the Fisheries Committee. Renwick took Jim's place as vice chairman of the Game and Conservation Committee.

Renwick said the change was made at his request because of his past affiliation with the Game and Conservation Committee, whereas he never served on the fisheries group.

## Clergyman Denies Burning Churches

PALO ALTO, Calif. (AP) — A Baptist minister repudiated Monday his statement that he burned down his churches in Palo Alto and Fontana.

Through his attorney, the Rev. Leonard Rhoads said he was coerced into signing the statement under threat of the gas chamber. Rhoads, 45, is pastor of the First Southern Baptist church at Palo Alto which was destroyed by fire last Dec. 13 at a loss of more than \$100,000. A 1956 fire destroyed Rhoads' Fontana church.

## COLD WAVE IS EXPECTED TO STAY AWHILE

By THE ASSOCIATED PRESS

More biting cold spread into the Northeast today but temperatures moderated in most of chilled South.

The season's longest and most severe cold wave showed no indication of breaking up in the Midwest or Northeast. Frigid weather was expected most of the week.

Gusty northerly winds powered a fresh mass of arctic air into the Midwest, dropping temperatures to nearly 30 degrees below zero in North Dakota and Minnesota.

**BELOW ZERO READINGS**

Readings were in the zero to 15 below range in many parts of the northern Midwest and in parts of New England. The freezing line extended southward to Kentucky and northern Tennessee.

Cold wave warnings were issued by the Weather Bureau for Nebraska, Kansas and Missouri as the icy air swept into the upper Mississippi Valley. Colder weather was in prospect in the western and southern Plains, the central Mississippi Valley, the Ohio Valley, Tennessee and the Carolinas.

**SOME FRESH SNOW**

Light snow fell in some parts of the icy belt, from the Dakotas through the Great Lakes region and upper Ohio Valley. Fresh snow fell Monday in Virginia, Maryland, West Virginia, New York, and North Carolina as freezing weather was reported throughout wide areas of the South.

Temperatures increased fairly even southward to the 50s in central Texas and along the Gulf Coast and to the 60s in southern Texas and the western Gulf Coast.

## Air Force Seeking Mightier Missile

CAPE CANAVERAL, Fla. (AP) — The Air Force will concentrate on developing a new, more powerful Atlas missile now that it has fired the final test rocket in the present operational "D" series.

The last D rocket thundered 5,000 miles to the South Atlantic Monday, planting its nose cone "well within two miles of the target," officials announced.

The firing wound up a 20-month test program in which the D Atlas became this nation's largest military missile and space booster. Of 49 shots in the series, 35 were successful.

## CLUE TO CRASH

NEW YORK (AP) — A crash-proof flight recorder dug out of the frozen earth may hold the secret of why a Mexican jetliner crashed on takeoff at Idlewild Airport last Thursday night during a snowstorm.

The recorder, recovered in the wreckage Monday, will be sent to Washington for study. It might hold vital information on the plane's speed and compass heading and whether its wheel actually left the ground.

## SAYS ANYONE CAN WRITE TV PLOTS EASILY

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — As a conscientious student of television plots, it is my conviction that almost anybody can be a TV writer. All you need is the Lowry kit of Key Lines, a practical attitude about plagiarism and a type-writer.

The method which I have developed is simple and really fool-proof. All the ambitious television script writer need do is build a 30-minute plot around one of the following lines, one of which appears in most successful programs:

## SOME KEY LINES

"You've got to help me, Mr. Private Eye. I'm not asking for myself, but for my son. His mother left me when she found out what I was, and she brought up the boy herself. The boy thinks his father died a hero's death in the war. But now the gang I double-crossed him to out strike at me through him..."

"What's a pretty little girl like you doing in a joint like this?..."

"It's all over for me, sheriff. You'll find the gold hidden under the loose floor boards in the assayer's office..."

"But, Serafina dear, I didn't mean to buy the cigar store Indian. I was just watching this auction and scratched my ear. Then the man said I made the highest bid..."

## SURE-FIRE PLOTS

"What it means, Harry, is that I want a divorce. We haven't had a real marriage for 15 years. Your career may have been enough for you, but money and power isn't enough for me..."

"Hand me an extra tank! Frank's air is exhausted and he's trapped 40 feet down in an underwater cave, and there are sharks around..."

"Now, Mr. John Smith, we know you are agent X-14, and Muscles here knows just how to handle your kind. Make it easy for yourself..."

## ENOUGH FOR START

"My dear inspector, symptoms like this could indicate a heart attack. But similar symptoms can be induced by a tiny amount of a lethal poison used by the native warriors of deepest Africa. No, inspector, I say that Sir Archibald's unfortunate demise is — murder!"

"1006. 1006. Code 3. Blue convertible, license plate 7C674, proceeding west on 80th St. Put out an APB for white man, 6-4, 196 lbs., scar on face, blue suit. Caution, he is armed. Over..."

"Sure, I may be the fastest gun in the West, but, pardner, I learned a long time ago that killin' never solved nothin'..."

There are a few other key lines, but these are enough for a start.

## PART OF STATE IS GIVEN FRESH FALL OF SNOW

By THE ASSOCIATED PRESS

A fresh snow, heavy in spots, fell in parts of Pennsylvania today.

Heaviest snow fall was in western Pennsylvania. Erie and the area west of Erie received five inches. Butler was hit with four inches. A heavy snow squall hit the Pittsburgh area just as early morning motorists headed for work. The squall slowed traffic.

Oil City had about two inches of snow and Greensburg had an inch.

Roads generally became slippery and snow-covered and crews immediately began spreading cinders and ashes.

## MORE FORECAST

The U.S. Weather Bureau predicted frequent snow flurries and locally heavy snow squalls the remainder of today and tonight for northwestern Pennsylvania. The forecast in southwestern Pennsylvania called for snow flurries and occasional snow squalls.

Temperatures were mostly in the teens in western Pennsylvania Monday night and early this morning but were predicted to fall all day reaching 10 degrees or less by evening.

Early morning temperatures included: Erie 13, Bradford 4, Brookville 16, Pittsburgh 19, Altoona 20, Philipsburg 16, Williamsport 10, Harrisburg 12, Allentown 7 and Philadelphia 14.

EAST BERLIN — Mrs. Martha Myers, W. King St., was involved in an accident Thursday morning en route to work when her car skidded on the snowy highway. Mrs. William Bahm's auto skidded into the Myers car, as did that of Lester Herren, York Springs. The accident occurred 10 miles east of East Berlin on the Old York Rd. Mrs. Myers suffered minor bruises.

Mr. and Mrs. Richard Eisenhart, East Berlin R.D., recently attended the funeral of Mrs. Eisenhart's grandmother in Harrisonville, Va.

Mr. and Mrs. William Shafer, E. King St., announced the birth of a son Monday morning at the West Side Osteopathic Hospital, York.

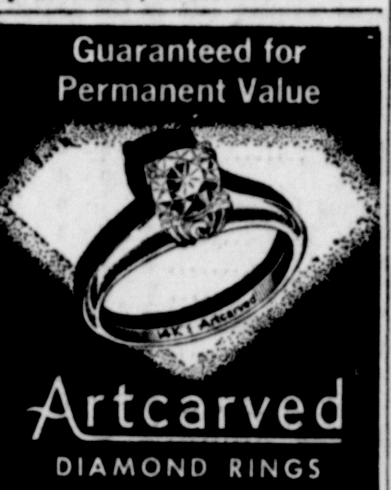

Jeffrey A. Lookenbill, who died Saturday at his Hanover home, is survived by his maternal grandmother, Mrs. Earl Borrer, East Berlin. The parents are Mr. and Mrs. Gilbert Lookenbill, 337 High St., Hanover. The Rev. Harold Stoudt, pastor of Trinity Lutheran Church, East Berlin, officiated at the Monday morning funeral services.

Mr. and Mrs. Kenneth Martin, W. King St., spent the past week visiting their parents in Wilkes-Barre.

Philip Smith, a freshman at Millersville State College, is spending his midwinter semester vacation with his parents, Mr. and Mrs. Curtis Smith, East Berlin R. 2.

Jay Shafer, son of Mr. and Mrs. William Shafer, E. King St., is spending several weeks with his grandparents, Mr. and Mrs. Henry S. Shafer, Wilkes-Barre.

## J. R. Copenhaver To Retire Jan. 31

HARRISBURG (AP) — J. R. Copenhaver, of Fayetteville, Franklin County, has retired as the Department of Labor and Industry's chief of elevator inspectors, effective Jan. 31.

Copenhaver, who has been chief of inspectors for more than a quarter of a century, served under all 13 state secretaries of labor and industry, from Royal Meeker to William L. Batt Jr.

He joined the Department of Labor and Industry in 1923, the year it was created, as an elevator inspection trainee and served as an elevator inspector until 1935 when he was made chief.

Copenhaver was born near Greencastle in 194.

Batt said Copenhaver will be replaced by Albert B. Snizik, the present supervisor of elevator inspection in the department's Pittsburgh offices.

## NEW FIRST LADY TO CONFER ON REDECORATING

By FRANCES LEWINE

WASHINGTON (AP) — The new First Lady, embarking on redecorating her White House quarters, intends to stick very closely to the 18th and 19th century period of the presidential mansion.

That's the word from the Kennedys' artist friend, William Walton, who will be in on Jacqueline Kennedy's scheduled art consultations today.

Walton said Mrs. Kennedy wants to make the White House living quarters "look a little warmer and more friendly." No changes are planned in the mansion's public rooms.

## TO CONFER TODAY

Two top figures in Washington art circles, John Walker, director of the National Gallery of Art, and David Finley, chairman of the Commission of Fine Arts, have appointments today with Mrs. Kennedy.

Walton will be there too, the White House announced Monday. He helped out with campaign organizing for Kennedy, and he says now he's helping out his former Georgetown neighbors in planning redecoration of their new home.

Mrs. Kennedy is getting something of an orientation survey of what's what in White House art and history.

## MAY BORROW ART

Museums have been accustomed to lending paintings to the White House and Walton said Mrs. Kennedy is ascertaining how much borrowed art the White House can

## 7 CHILDREN, ADULT PERISH IN HOUSE FIRE

PASADENA, Md. (AP) — Seven Negro children and an adult who was caring for them burned to death early Monday when their frame house erupted in flames near here, state police reported. One child escaped.

State trooper Lester Chenoweth identified the victims as Donald L. Green, 9 months, and his sisters and brothers, Maryland, 2; Winifred, 3; Yvette, 4; Joeline, 5; and Aaron, 6.

Also burned to death were a cousin, Regina Wright, 10, and the Greens' uncle, Bernard Green, 35.

One child, Lawrence Green, 11, escaped, Chenoweth said, by jumping barefoot from a second-floor window in 10-degree weather.

The parents of the Green children, Dolores and Ernest, were visiting neighbors when the fire broke out shortly after midnight.

Firemen said the tragedy apparently was caused by a faulty oil furnace.

## Pa. Dairymen Concerned About Lower Milk Usage

By RICHARD L. GRAVES  
HARRISBURG (AP) — Pennsylvania dairymen are concerned about steadily increasing milk production, both nationally and in the state, in the face of diminishing demand.

But there is little they can do about it except try to act to limit their production as a means of keeping their markets sound.

Milk production in Pennsylvania during December was up slightly less than 1 per cent over December 1959 but it was 15½ per cent above the 1949-58 average production.

### COSTS RISING

That high rate of production was reflected in declining net prices per hundredweight (46½ quarts) of Pennsylvania production during 1960, even though prices rose nationally.

The problem, basically is this: Increasing costs initially caused farmers to put on extra cows in order to boost their production and gain enough extra income to offset the cost rise.

The increasing production tended to force down the average prices received by producers of class 1 milk—the drinking variety—since a smaller proportion of the production could be used for drinking purposes. The remainder went into low-priced manufactured products.

### MORE COWS

The farmers put on more cows in an effort to offset that lost income.

The net result was—and is—that farmers find themselves in a race to keep boosting production to offset that lost income.

The net result was—and is—that farmers find themselves in a race to keep boosting production to offset declining gross receipts. It is a race they can't win.

Coupled with increasing production is a national decline in per capita consumption of milk. Consequently, the producer faces a multiplied effect from his increasing out-put.

How far the situation will go in Pennsylvania remains to be seen. However, the producers can expect to reach a point when the addition of extra cows will mean added costs with no increase in revenue because there will be little or no demand for the production.

### NOT FAR AWAY

The point is still far in the future—but not too far, say the farm economists.

Meanwhile, there is similar situation in the dairy states of the Midwest. That means there will be a growing pressure from that region for economic access to the big eastern fluid milk markets.

### PROBLEMS FOR FREEMAN

It is one of the first problems that will be faced by Orville L. Freeman, the new secretary of agriculture, who was recently governor of Minnesota—a state of vocal dairymen.

In Pennsylvania dairymen boost their production mostly by retaining low-producing animals instead of sending them to the butcher.

The result of that has been a noticeable drop in production per cow on state-wide averages.

Producers again contribute to their woes by creating surplus production inefficiently.

The question is: How long can they keep it up?

## TWO KILLED IN HOME FIRE

PITTSBURGH (AP)—A 78-year-old man and his daughter were killed in a fire at their home in nearby Wilkinsburg early Monday.

Officials said Harry Meyers and Betty Jane Stein, 35, were dead on arrival at Columbia Hospital. Officials said they lived on the second floor of the three-story brick house.

Wilkinsburg Fire Chief Russell Fry said Meyers was found in the

## East Berlin

MRS. JANE MILLER

EAST BERLIN — No chairman has been appointed for the East Berlin area for the March of Dimes drive. The Ladies Auxiliary of the VFW post has volunteered to manage the drive. The auxiliary has not planned a street corner canvass for contributions. They have placed coin canisters in stores which will be collected in February.

Mrs. Mildred Dunstan returned from the Hanover Hospital Friday to the home of Mr. and Mrs. George Moul. Mrs. Dunstan is recuperating from the amputation of her leg.

Harold E. Cooley, East Berlin, left for the induction center Tuesday morning in New Cumberland. Persons who joined the Lutheran congregation of the Holtzschwamm Church Sunday are: Mr. and Mrs. Earl D. Fries, Mr. and Mrs. Kenneth Crook, Mr. and Mrs. Harvey R. Stover and daughter, Dorothy Stover and Mr. and Mrs. Walter S. Spahr.

Allen Moul, Water St., is a patient at the West Side Osteopathic Hospital.

Elmer Thomas and Lee Eisenhart recently opened a linoleum store in the former Glatfelter storehouse. They will hold their grand opening Friday and Saturday, January 27 and 28. Door prizes will be awarded and refreshments served.

Re-election and installation of Mrs. Loretta Yohn as superintendent of the Sunday School at the Lower Meridian Lutheran Church was recently announced. Other officers recently installed by the supply pastor, Rev. Carlton R. Howells, were: Robert Lusk and Lowell Heikes, assistant superintendents; Fianna Hoak, secretary; Norma Jean Trimmer, assistant; Mearl Heikes, treasurer; Kathryn Roser, pianist; Bertha Nitchman, assistant; Roxy Thomas, Norma Jean Trimmer and Laverne Wolf, librarians; Ellie Barhelme, Kathryn Racer and Roy Anderson, adult teachers; Beulah Heagy, Primary Department superintendent; Geneva Hook, pianist; Bertha Nitchman, assistant; Ethel Nitchman, Cradle Roll superintendent; Barbara Heikes, Fianna Hoak, flower committee; Richard Whisler, Charles Trimmer, acolytes; John E. Yohe Jr., Harvey Spangler and Charles Trimmer, church councilmen.

This evening the East Berlin Lions Club will hold its dinner meeting at Arthur Bower's Restaurant, York.

The regular meeting of the VFW will be held at 7:30 p.m. Thursday followed by a meeting of the Home Association. There will be a dance at the post home with music furnished by Bobby Lee beginning at 10 p.m. Saturday.

## Old Dispute About "Is" And "Are" Flares Again

CHICAGO (AP) — "The grammar of the passenger department is deplorably weak," asserted Vice President C. E. Spens of the Burlington Railroad, surveying a sentence for an institutional advertisement.

It began: "For within this tremendous area is produced: two thirds the oats, more than half the corn, more than half the barley, half the wheat . . ."

"Are produced" is the correct form," declared Spens.

Not so, said P. S. Eustis, passenger traffic manager who had submitted the layout. He quickly produced a University of Chicago opinion—for "is."

### SPLIT AMONG LEARNED

Probably got that from the football coach, retorted Spens, and issued an SOS. "Are" is correct.

## COLD WEATHER, STORMS CAUSE 70 U. S. DEATHS

By THE ASSOCIATED PRESS

Winter, a month old and rugged, held an icy grip across much of the eastern half of the nation today after a record cold weekend extending into the Deep South.

No immediate general break in the frigid weather was indicated but some warmer weather appeared on the way for the chilled Gulf states.

Lower temperatures, however, were indicated in Tennessee, the central Mississippi Valley and parts of the central Great Plains.

The cold weather and last week's snow storms and blizzards that swept wide areas have been blamed for at least 70 deaths. The fatalities were attributed to exposure, snow-shoveling exertion, traffic accidents on icy roads and fires. Seven children and a 33-year-old man perished in a fire in a home in Pasadena, Md., this morning.

It was below zero again Monday morning in most sections in the northern tier of states from the eastern Dakotas through the Great Lakes region into New England.

The mercury dropped to more than 20 degrees below zero in northern Minnesota after a bone-tlingling -34 in Bemidji, the nation's so-called "icebox" Sunday morning.

But in Norfolk, in western Connecticut, thermometers plunged to 33 below, four degrees shy of the record reading of -37 in 1943. A 56-year-old record was broken in Windsor Locks, Conn., near Hartford.

Friday at 8 p.m. President Glenn Jacobs was recently discharged from the hospital.

Bill Muller has returned from the Hanover Hospital. He was injured several weeks ago in a sledding accident.

John Korver, a sergeant in the Army Reserve Corps, marched in the inauguration parade. He is librarian at the local high school.

Thirty-two students were selected to go to the county chorus rehearsal. The combined Adams County choruses will present their program February 8 at 8 p.m. in the Gettysburg High School.

opined Northwestern University. "Is" it is, said Harvard. "Are" it is, said the Literary Digest.

And so, in 1926, the grammarian battle was joined—to the delight of headline writers everywhere: "Are" vs. "Is" splits five colleges, dictionary and railroad heads," headlined one newspaper. "Is It 'Are' Or Are It 'Is'?" asked another. And even: "Am he want or would he come? How can it was?"

In all, 22 schools and magazines were queried. The result: 12 votes for "are," 6 for "is" 1 for either and 3 abstentions.

### THEY'RE DEAD NOW

Spens and Eustis and the Literary Digest are dead but the controversy still is not settled.

The Chicago, Burlington & Quincy Railroad recently came across a booklet chronicling the word puzzle and decided to resurvey. The results, released today: 14 for "are" 1 for "is" and 1 for "either." Six didn't answer.

The Universities of Chicago, Pennsylvania, Princeton, Harvard and Temple switched their "is" votes to "are." None reversed from "are" to "is," but Boston University maintained its earlier "is" vote, declaring, "technically speaking, any grammarian would say 'is' is the correct vote."

### BETTER REWRITE

Eustis and Spens, the original combatants, settled their argument with a flip of the coin. It turned up "is."

But Holy Cross in Worcester, Mass., which in the resurvey amended its original "are" to "either," suggested another solution: rewrite the sentence.

with a mark of -26.

In the South, unseasonable cold was reported, with freezing weather into northern Florida. The 33 reading in Anchorage, Alaska, was much higher than many Southern cities.

8 BELOW IN GEORGIA

Blairsville, in northern Georgia, was the coldest spot in the South with a reading of 8 below Sunday. Three inches of snow covers the ground. Atlanta's 10 above was a record for Jan. 22. It was 6 below in Gordonsville, in central Virginia. Richmond's 7 above was a record for the date.

In many northern Midwest cities, temperatures stayed below zero all day Sunday as the arctic air held stationary over the snow-covered sections. Chicago's high was 10 after the first zero weather of 1961.

More light snow fell in some parts of the cold belt during the night and early Monday, including much of the Great Lakes region and the Ohio Valley as well as sections of the central Mississippi Valley. Heaviest fresh fall was 5 inches in Houghton, in Upper Michigan, adding to the 17 inches already on the ground.

HONG KONG (AP)—A Hong rising and widespread famine and Kong auction house Monday offered crates of bank notes for sale. Contents of the crates, which attracted many onlookers but no buyers, included German marks issued before World War II, Japanese military yen and Chinese Nationalist currency issued before the Communists conquered the mainland 12 years ago.

## TO OFFER IKE ADVISORY ROLE WITH PA. GOP

By HERB LINNEN

HARRISBURG (AP) — Pennsylvania's Republican chairman said Monday he will ask Dwight D. Eisenhower to take on an advisory role in state party affairs.

George L. Bloom said in an interview there was much the 70-year-old former president can contribute toward helping the state GOP achieve its goals.

"Once President Eisenhower gets settled, I intend to go down to his (Gettysburg) farm and discuss the entire matter with him," Bloom said, adding:

"There is no doubt but that he can contribute a great deal, by virtue of his vast experience and popularity, to the goals of the Republican party in Pennsylvania."

### TO OFFER ROLE

Eisenhower plans to spend most of his time in retirement at his Gettysburg farm. He will have offices on the campus of Gettysburg College.

Bloom replied affirmatively when asked if Eisenhower might be asked to accept an advisory role in connection with the state GOP's effort to recapture the governor's mansion and a U. S. Senate seat from Democrats next year.

That could possibly mean that the former president might be invited to sit in on top policy meetings.

ings which will decide the organization candidates for statewide offices in 1962. However, Bloom declined to go into that prospect pending his talk with Eisenhower.

### QUESTION OF TIME

The big question is whether the former chief executive will have much, if any, time to devote to Pennsylvania politics.

Republicans at the national level already have said they will continue to seek Eisenhower's advice on policy matters. And there is a possibility that he will be asked to contribute something toward improving international good will by the Kennedy Administration.

The name of one of the Eisenhower cabinet members — former defense secretary Thomas S. Gates Jr. of Philadelphia — has been mentioned frequently in speculation about possible candidates for the Senate seat now held by Joseph S. Clark, former mayor of Philadelphia.

### SEE "DREAM TICKET"

Although Gates has said nothing either to encourage or discourage such talk, some Republican leaders have said privately that they think he would be receptive to a statewide office bid.

These same GOP leaders have pictured Gates as the other half of what they term a "dream ticket" shared by U. S. Rep. William W. Scranton, 43-year-old first term congressman from Scranton.

Scranton, who was elected last November in an upset victory over Democratic incumbent Stanley Prokop, has given no indication that he would be receptive to a statewide candidacy.

But he is beginning to take on a number of statewide speaking appearances to get acquainted with Republican leaders. One such appearance will be before a Feb. 2 rally of Young Republicans from the GOP stronghold of Dauphin County.

### 4-H CLUB MEETS

The Adams County Baby Beef 4-H Club met on Wednesday in the REA building in Gettysburg with Patrick Murren in charge. Following the pledge, Shirley Bair presented the secretary's report. Members of the club who went to the Pennsylvania Farm Show with their animals commented briefly. They were Cheryl Snyder, Spencer Stambaugh, Patrick Murren, Steven Murren, Michael Murren, Richard Funt, Dale Barry and Larry Bair.

A public roller skating party will be sponsored by the club on Saturday, February 4, at Bankert's Roller Rink, Littlestown, beginning at 7:30 p.m. The next regular meeting will be held on March 15 at the REA building. Following the business on Wednesday, there was a demonstration by Robert Spangler and Daniel Lott on testing hay and silage entitled "Are You Sure?"

People who borrow money to get themselves out of the rut usually end up in the hole.

## FIVE FIRES IN STATE KILL 3 AND INJURE 6

By THE ASSOCIATED PRESS

Five fires in Pennsylvania have killed three persons, injured six others and caused damages estimated at more than \$1 million.

Harry Meyers, 78, and his daughter, Betty Jane Stein, 35, of Wilkesburg, a suburb of Pittsburgh, were killed Monday in a pre-dawn blaze which swept a three-story brick building in which they lived.

Officials said the victims lived on the second floor of the building. Firemen said the second and third floors were badly damaged. They brought the blaze under control within an hour.

### CAUSE NOT KNOWN

No one else was reported hurt. Cause of the fire was not known. In Titusville, Mrs. Jessa Ritts, 89, died Saturday night of burns suffered when her clothing caught fire while she was lighting a stove in her bedroom.

A fire Saturday night in Carbonate destroyed an entire side of a block in the heart of the downtown business district, causing damage estimated by Fire Chief Joseph Healey at \$500,000. Five firemen and a policeman suffered smoke inhalation.

The Jacob Trinley Grain and Feed Mill in Linfield, Montgomery County, was swept by fire Sunday night. The five-story main building collapsed, an office building, two garages, grain and at least three tractor-trailers and other equipment were damaged. Jacob Trinley, the owner, estimated damage at \$500,000. No one was injured.

In Bethlehem, a one-story building housing an ACME supermarket and a Goodyear Tire Co. retail outlet was damaged heavily by fire. Fire Chief John Schweder estimated the loss at \$200,000. Only the walls of the supermarket were left standing. No one was injured.

In all three instances causes of the fires were not known. Healey said the Carbonate fire in Lackawanna County was believed to have started in a bakery, then spread to several other buildings, including four that were landmarks. The oldest was built during the Civil War. Thirty-four persons were forced out of their apartments above the stores as 17 fire companies and 225 men fought the blaze for 12 hours in temperatures as low as 14 degrees below zero. Torches were used to keep water lines from freezing.

Schweder said the Bethlehem fire started in the rear of the supermarket. The Goodyear Store, separated by a fire wall, suffered mostly smoke and water damage.

Former President Dwight D. Eisenhower walked down a snowy lane toward his farm home after posing for photographers Saturday morning.

Flames from the grain mill fire could be seen for 10 miles. Several hundred persons were attracted to the blaze. The sound of exploding gasoline drums was heard about 10 miles away. At least eight fire companies and 200 firemen fought the blaze. They, too, were hampered by frozen lines.

### Dying Girl Gets

Wish; Lot Of Mail

LOUISVILLE, Ky. (AP)—She had no party and there was little gaiety, but Brenda Sue Priddy got what she wanted for her eighth — and, doctors say, last birthday.

The brown-eyed youngster, dying of a rare disease slowly paralyzing her nerves and brain, wanted mail.

More than 30,000 people from around the world had responded with cards, letters and gifts by the time her birthday came Sunday. Brenda had asked her mother, Elsie Priddy, to try to get the mailman to bring some letters. She got 20,000 cards and letters within a week after a local newspaper and The Associated Press carried her plea.

MONTREAL (AP)—More than \$50 million in contracts have been signed for construction of the world's longest telephone cable. The cable running more than 9,000 miles under the Pacific Ocean and linking Canada, New Zealand and Australia, is scheduled for 1964.

## DIRKSEN TO OFFER BILL

WASHINGTON (AP) — Sen. Everett M. Dirksen, R-Ill., Senate minority leader, says he'll introduce a substitute for the \$389 million depressed areas bill sponsored by Sen. Paul Douglas, D-Ill.

Dirksen said Sunday his bill will call for a \$180 million outlay. He also said he isn't inclined to go along with a social security approach to medical care for the aged, even though some Republicans may favor it.

President Kennedy strongly backs the social security approach and is committed to strong action to combat unemployment in economically depressed areas.

Appearing on a television program taped for New York stations by Sen. Kenneth B. Keating, R-N.Y., Dirksen said Republicans in Congress will fight any heavy increase in government spending. But generally speaking, he said, he didn't see why the President and Congress couldn't get along.

The Senate Banking Subcommittee has already begun hearings on the Douglas Bill, which provides for federal loans and grants to enable industrial and rural areas with long term high unemployment rates to build new plants and facilities to service them.

ADVERTISE IN THE TIMES

## LAST WEEKEND VERY COSTLY TO ROCHESTER

By THE ASSOCIATED PRESS

The weekend of Jan. 21-22, 1961 long will be remembered by the Rochester Americans of the American Hockey League.

In the space of two days, they dropped a 2-1 overtime decision to the Barons at Cleveland, were involved in a bus-tractor collision, were handed their first home shutout of the season when they bowed to the Hershey Bears 2-0 and fell to fifth place in the standings.

### BADLY SHAKEN UP

The collision occurred Sunday en route from Cleveland on the New York State Thruway. The players escaped with minor cuts and bruises but trainer Dan Canney suffered a broken collar bone and the driver of their bus was injured more seriously.

But the Amerks were so badly shaken up that they had no answer for the Bears spirited play and were unable to break through goalie Bobby Perreault, who made 32 saves as the Bears moved out of a tie with Rochester into third place.

Cleveland made the biggest gain over the weekend, following up its Saturday night victory over Rochester with a 5-2 conquest of Buffalo Sunday for their third triumph in as many nights. The Bisons beat Hershey 4-1 Saturday. Providence split a pair, beating the pace setting Indians of Springfield 3-2 Saturday and bowing Sunday to Quebec 9-1 as the Aces swung back into action after a 10-day layoff.

Bill Dineen was the big gun in the Barons' victory over the Bisons, coming up with two goals, as the Aces posted their fifth win in their last six starts. Three players scored two goals each. They were Danny Lewicki, Michel Labadie and Michel Harvey.

Three Canadians—Dave Johnston, Tom Heintzman and Dick Blakey—are members of Harvard's hockey team.

## Was Declared Dead, Lives, Then Expires

MILWAUKEE (AP)—A 78-year-old man, who previously had been declared dead and then found to be alive when taken to the Milwaukee County morgue, died Sunday.

County General Hospital attendants said that Leo Happel of Milwaukee did not regain consciousness after he had been taken there from the morgue Friday night. The cause of death was listed as a heart condition. Authorities said Happel had been under treatment for throat cancer. They speculated that his heart may have been restarted in a bump in an ambulance ride to the morgue.

Hospital Dietitian

## Partners in Community Health Care

How would you like to prepare 30,000 meals every month?

A dietitian at a modern, 300-bed hospital does just that. One of the host of behind-the-scenes experts on the hospital "team," her job is to plan and prepare three meals every day for hundreds of patients, including many requiring special diets.

Like her teammates on the hospital staff, the dietitian is a vital force in the total "human" services provided by your hospital. All this means better hospital care . . . and becomes part of your hospital bill.

The dietitian's services are only one of the many benefits your Blue Cross provides when you enter the hospital. Blue Cross is proud to be a member of the team, too, joining your hospital in providing more community health care for more people.

## CROSS QUILTS ON CONDITION AS UNION CHIEF

By NORMAN WALKER  
WASHINGTON (AP)—James G. Cross has quit as president of the Bakery and Confectionery Workers International Union—provided a pending corruption case against him is dropped and he is given a reported \$250,000.

The union's general executive board announced it had agreed to terms with Cross after sending a deputation to negotiate with him at his Palm Beach, Fla., home.

The board said "complete details of the settlement agreement must await court approval" but they include dismissal of pending litigation brought by some union subordinates alleging that Cross has "systematically plundered" the union's treasury.

### OTHER STRINGS

It was reliably reported the board has agreed to give Cross over \$250,000 cash to liquidate his pension rights, and that there are other considerations.

For example, earlier drafts of proposed settlement agreements were said to have specified that in the event Cross is faced with new legal proceedings growing out of his eight-year union presidency the union would pay for his defense counsel and all other costs.

The suit pending in federal court here charges, among other things, that over \$100,000 in union funds already has been used to pay various legal costs in defending Cross, and that union money was used to buy and maintain his Florida home.

It also was charged that various personal expenses for Cross and his wife, including food, automobiles and entertainment, were paid by the union.

Cross has made his resignation conditional upon the litigation's being dismissed. It will be up to the court to decide whether this can be done. A private auditing firm reportedly has been investigating the union's finances at court direction.

Cross' union was expelled several years ago from the AFL-CIO on grounds it was corruptly dominated. The AFL-CIO established a rival union—called the American Bakery & Confectionery Workers—which has taken over approximately 90,000 of the original union's 140,000 members.

## Sponsor Bill For Elder Fishing Tags

HARRISBURG (AP)—The word free doesn't necessarily mean entirely without cost, according to a bill in the House that would give free fishing licenses to Pennsylvanians 65 years or older.

Persons eligible for the lifelong licenses would have to pay a 15-cent charge to the agent issuing the license under House bill 133.

For persons younger than 65 the license still would cost \$3.25 a year.

Sponsoring the measure were Reps. W. John Stetler Jr., R-Somerset, and Robert S. Ogilvie, R-Dauphin.

## 2-WAY RADIOS POPULAR WITH MANY PEOPLE

### By SAM DAWSON

#### AP Business News Analyst

NEW YORK (AP)—More motorists caught in traffic jams are telling their wives by radio they'll be late for dinner. More business and professional men, farmers and ranchers, truck and taxi drivers are keeping in touch with home base while on the go.

It's all due to a two-year-old industry—short-range, two-way radio, operating like a rural telephone party line. It uses 22 channels called the Citizen's Band.

Applications for licenses are zooming, equipment sales doubling, uses by business firms multiplying.

### MANY APPLICATIONS

The Federal Communications Commission, which opened up the channels late in 1958, has issued 178,000 licenses in the last two years and now is getting 10,000 new applications a month.

To hold down the chatter, FCC rulings now limit each communication to five minutes and maximum input power to around five watts, which gives a practical range of 5 to 10 miles, and a top of 20 miles under ideal circumstances.

It is estimated about 5,000 Citizen's Band receivers may be operating at one time. Because of such jams, some have asked the FCC to assign one channel for distress or emergency calls.

Boating enthusiasts have taken to the new equipment, as well as to the older and more powerful radio-telephone units.

### MARINE PHONES

Older marine radio telephones can have a 30-watt input carrying 45 miles over salt water and can be used to call the Coast Guard or summon aid from other vessels on one channel that is monitored 24 hours a day.

The boatmen also can use them to call the phone company and be connected with any shore-side phone.

The Citizen's Band is the old 11-meter band once used by amateur radio operators before the FCC subdivided it into 23 channels.

### BUSINESS USES

The smaller, cheaper and more limited range Citizen's Band radios now are used in many types of business.

Contact with outside operations are maintained by physicians, TV service men, auto repair shops, plumbers, laundry trucks, contractors, insurance adjusters, and commercial photographers.

Locomotives can start up warning crossing lights by using such radios.

Newest comer to the field is a hand-size transistorized unit worn or carried by a person. This has a still shorter range than those used in cars or boats.

Prices of Citizen's Band equipment depend on size, antennas, wiring and other accessories. Fully equipped ones average around \$200, while a portable receiver has just been put on the market for \$49.50.

## 15 B. & O. Cars Jump Track; 3-Hour Delay

SWANTON, Md. (AP)—Wreckage was scattered across three tracks of the Baltimore & Ohio Railroad's main line Monday when 15 cars of a 115-car freight jumped the track just east of here.

No one was injured. Through service on the railroad's Cumberland division was blocked.

The pileup, railroad spokesmen said, occurred when the 16th car of the eastbound freight derailed as the train was starting down a 17-mile grade west of Keyser, W. Va.

There were delays of between two and three hours on regular schedules as service was re-routed through Connellsville, Pa., and Grafton, W. Va.

## ARREST 2 FOR MYSTERY THEFT OF ARMOR CAR

LOS ANGELES (AP)—They said \$113,200 just couldn't be missing—but it was. They said the crime couldn't happen—but it did. Investigators concluded: "Somebody goofed."

With that puzzling observation, the case was put in a file marked "unsolved." That was 19 months ago.

Monday the FBI disclosed the arrest of two men—and said the mystery at least was partially solved.

Here's what happened: At 9:30 a.m., June 4, 1959, truck No. 59 of Armored Transport Co. picked up currency and coin at the Bank of America's 11th and Figueroa branch.

### 1 BAG MISSING

In the next 6½ hours, the truck made 17 routine stops, picking up money at banks and business firms. At the end of the run, a money bag containing the \$113,200 was gone.

The guards told investigators they had left the truck unguarded but locked—not an unusual occurrence—at five brief stops. When they returned there was nothing to indicate anyone had broken into the truck, they said.

The guards were checked—and cleared. The route was re-traced inch by inch for clues—but nothing turned up.

### PLEAD INNOCENT

Monday Eli Lubin, 40, a one-time crony of ex-gambler Mickey Cohen, and Glenn M. Tharp Jr., 36, a salesman soliciting business for the armored truck firm until his arrest last week, were arraigned. They pleaded innocent to charges of conspiracy and theft of federally insured money. Investigators said they refused to discuss the case.

The FBI, withholding details of what led to the arrests, said: "Investigation indicated Lubin was unlawfully furnished keys to Armored Transport Co. trucks by Tharp."

William G. Simon, FBI agent in charge here, said Lubin took the money from the truck while it was left unguarded—possibly with the help of others. He indicated there may be additional arrests.

What happened to the money? That's still an unsolved question, the FBI said.

## Forecast

Extended forecasts for Jan. 24 through Jan. 28:

Western New York—temperatures will average about 20 degrees below normal. Minor day to day changes in temperature. Precipitation will average ¼ to ½ inch of melted snow, with frequent snow flurries of light snow throughout the period.

Southeastern New York, eastern Pennsylvania and New Jersey—Temperatures are expected 8 to 10 degrees below normal with little day to day temperature change. Some moderation about Saturday. Precipitation may total two to five tenths of an inch, occurring as snow and snow flurries Tuesday in north portion and snow in most of area late Wednesday and Thursday and a few snow flurries in northern area Friday and Saturday.

Western Pennsylvania—Temperatures will average about 20 degrees below normal. Continued very cold with only minor day to day change in temperature this week. Precipitation will average ¼ to ½ inch of melted snow, occurring as frequent flurries or light snow.

### DR. TRUXAL LEAVES HOOD

ANNAPOLIS (AP)—Dr. Andrew G. Truxal, president of Hood College at Frederick, has been named dean of the new Anne Arundel Junior College. The 60-year-old educator will leave the women's college in July and expects to move to Anne Arundel County soon afterward.

boost without some fare increase would cause the company's net income to fall below 6½ per cent of its fair property valuation.

## PARIS SPRING FASHIONS GIVE A BREEZY LOOK

### By NADEANE WALKER

PARIS (AP)—The Paris spring fashion season got off to a devil-may-care start this morning with two collections that tried to outdo each other in breeziness.

The windblown look just covered the knees and usually left the waistline only semiffitted.

Jacques Esterel's saucy show was full of drapes and fresh, frank colors, while Jacques Griffe got a similar effect with loose middy blouses, pleated skirts, and wrist-length jackets.

Esterel owes his sudden emergence as a crowd-drawing dress-maker largely to Brigitte Bardot, who popularized his clothes. But he made a good try for sophistication, saving the curvy models for his "misses" dresses. Young girls, he says, want "everything to be seen at once."

### 2-TONE OUTFITS

Two-tone outfits are a great thing in the Esterel show. White jackets over printed or black skirts, matching jackets and blouses with contrasting skirts, and skirts with a deep hem band of contrasting material are some of the changes he brings.

He revives such old favorites as jodis, in a nonfrilly version of two big loops of silk at the neckline; corselet waists, halo hats, apron panels, weskit or vest tops, and V-backed dresses with a back-to-front look.

Esterel's waistlines are high, low, hardly there at all or fitted like a glove. Jackets run the same gamut from short bolero length to midhip to bottom of the thigh. Sleeves, mostly three-quarter or elbow-length tubes, are sometimes kimono-cut with the bodice and sometimes actually puffed. The sleeveless sheaths survive, but barely.

### NO BAGGINESS

Esterel achieves a loose, free-and-easy general effect without actually being baggy anywhere. His high, glove-fitted waistlines have puffy bosoms, while his low waists have puffy backs.

Spring fashions will be a breeze according to Griffe. He opened his collection with a fluid draped line he calls "puff of wind."

His first models were breezy enough in tight ankle-length pants, patent leather flats and flat caps. But the remainder was an ultra-conservative group of gently fitted wrist-length suits whose narrow revers met at the waist or just below.

### MANY CHANGES

Waists were passed by for a line just above the hips, marked by a belt or an insert of ruffled self material. Loose middy blouses and pleated skirts were topped by simple cardigans or straight collarless coats with a two-inch binding of self material. When not perfectly straight, coats were also belted just above the hip.

Dresses were loose sheaths with an emphasis on a side drape, starting at either shoulder or hip. Hats dipped low on one side to balance the drape.

LIEGE, Belgium (AP)—The last strikers against the Belgian government's austerity program went back to work Monday. Socialist leaders of the walkout announced they would continue their fight in other ways against the austerity bill, which calls for higher taxes and reduction in some unemployment benefits.

## Charge Judge With Entering Jury Room

WASHINGTON, Pa. (AP)—Two attorneys say Judge David H. Weiner of Washington County entered a jury room during the deliberation of a verdict in an auto damage suit. It was the second such charge against a Washington County judge this month.

Attys. Charles G. Sweet of Washington and Lisle A. Zehner of Pittsburgh made the statement Monday in a petition for a new trial in the damage suit.

The petition charged Judge Weiner with entering a jury room and telling the jurors: "You should be liberal in your verdict. A dollar is now worth 35 or 40 cents."

The jury returned a \$23,000 verdict against Andrew Jugan, the client of Sweet and Zehner.

Another attorney, asking for a new trial in a civil case, earlier this month charged that Judge George T. Cummins entered the jury room four times while the verdict was being deliberated.

## LEADER RULES SELF OUT OF ANY POSITION

DOVER, Pa. (AP)—Former Pennsylvania Gov. George M. Leader apparently has ruled himself out of a position in the new Kennedy administration.

The former chief executive said Monday he had been sounded out for several jobs in the Interior Department but had turned all of them down.

The jobs were "at the \$20,000 level," Leader said. He now is associated with a real estate mortgage firm.

### INFORMED UDALL

He said he had informed Secretary of Interior Stewart Udall of his decision.

Although he repeated he has no plans to go to Washington, Leader said he might have been interested in a certain kind of post in the new national administration.

"Frankly, if something had come along in which I was especially interested, I would have been willing to make some sacrifices to accept it."

### NO ADMINISTRATION

He indicated he was interested in the policy-making field rather than the administrative.

Speculation was that the 43-year-old Leader had been asked to become assistant secretary for fish and wildlife in the Interior Department. But he declined to comment on the reports.

There has been speculation that Leader might be in line for a post when President Kennedy sets up machinery to aid chronically distressed areas.

## 17-Year-Old Dead After Freak Mishap

CARLISLE, Pa. (AP)—A teenager who was married Sunday was killed Monday when a chunk of frozen material fell from a cinderling truck and struck him.

The victim, William L. Duncan, 17, Carlisle R. 3, was dead on arrival at Carlisle Hospital.

Duncan was working as a crewman on a highway cinderling truck. The accident occurred at the West Pennsboro Twp. equipment shed near here.

Searls Dearington, 19, a junior from Danielson, Conn., will captain the 1961 Columbia University cross-country team. He's a native of Providence, R. I.

## CRUCIAL TEST IS UNDERWAY IN VENEZUELA

### By WILLIAM L. RYAN

#### Associated Press News Analyst

CARACAS, Venezuela (AP)—Venezuela today is going through a test of profound importance to the United States and Latin America.

While the rest of the continent watches, President Romulo Betancourt and his supporters are casting aside their fear of Castroism and its potential for mischief in alliance with communism.

The president's forces appear to be confusing and outwitting the Communist-Castroist combine.

### GOOD OPPORTUNITY

They have a good chance of inflicting a decisive defeat on the extremist alliance and of making it stick.

If they do this, they will have damaged Communist attempts to use Castroism for a heavy cold war offensive throughout Latin America. Venezuela's example can give courage to other continental governments fearful of Castro's hold on the imaginations of violently impatient young men.

The Communists might eventually resort to tactics of desperation and this could mean more trouble for Venezuela.

### QUIET NOW

The Communists and their Castroist allies suffered defeat in their early December attempt to topple the Betancourt government by means of a general strike. Betancourt's party, the Accion Democratica, supported by Social Christians of the Copei party, showed how tough it could be.

Betancourt's government suspended constitutional guarantees during the recent explosions of violence. They were restored Monday for nine hours, then suspended again with an announcement of new threats of rebellion.

## Thieves Take 300 Rings, 60 Watches

TARENTUM, Pa. (AP)—Three gunmen held up a Tarentum jewelry store Monday and fled with an estimated 200-300 rings, 50-60 watches and about \$200 in cash. Police said the thugs escaped after tying up Dom Seita, owner of Schwer's Jewelers, a woman employee and her husband who was waiting for her to finish work. The victims freed themselves and phoned police.

Seita said he was unable to determine immediately the value of the jewelry. He said the trio over-looked an undetermined amount of cash in the safe.

Seita said the gunmen forced Mrs. Milton Jack of Natrona Heights and him into a rear room where they found her husband, a steel company employee. They bound the three and ripped up the telephone.

The gunmen then took rings and watches from an open safe and counters and the cash from a register.

by the Communists and their allies in the Movimiento de Izquierda Revolucionaria, made up of young hotheads who admire Cuba's Fidel Castro.

### FORMER COMMUNIST

Betancourt a quarter century ago was himself a Communist, so he knows how they work. Today he is probably the man the Communists hate most in all Latin America. He is hated because he can block extremism of the Castro type which might lead to the chaos and confusion which is a classic Communist weapon of cold war.

They hate him, too, because Betancourt has set out to demonstrate that constitutional government can work in Venezuela.

Next: Ryan tells more of the problems that beset Venezuela—and how the Betancourt government hopes to meet them with U.S. cooperation.
